GOP Women 'Gala' To Hear Lyrics By Granite Cityan

Special recognition has been given Mrs. Lily Chaboudie, first vice-president of the Granite City Republican Women's Club, for writing lyrics for a song which will be featured at the silver-anniversary "gala" of the National Federation of Republican Women. The sessions are to be held in Chicago Sept. 11-13 with Sen. Barry Goldwater of Arizona as the principal speaker.

The Granite City GOP Women's Club also is to be honored at the affair, according to the president, Mrs. Vernice Wortman. It has qualified for a Silver Certificate Award for fundraising efforts toward the "gala treasure chest" and a membership award for signing 25 new members between Jan. 1 and Aug. 1.

Mrs. Chaboudie was given praise for her lyrics by Mrs. Dorothy A. Elston, president of the National Federation of Republican Women in a letter from Washington, D. C.

"It is very well done . . . and we will mimeograph this and sometime during our Gala we will sing it," Mrs. Elston said.

Mrs. Chaboudie wrote the words to the tune, "Put On Your Old Gray Bonnet."

Her five-verse lyrics are: "Put on your brand new bonnet. In a blue ribbon on it. And we'll have a happy holiday. Join the Federation. For a celebration. It is our twenty-fifth birthday. 'We are the Girls of the Party. What a grand, Grand Old Party. Illinois is where it all began. Now throughout the nation This great Federation Is our Party's helping hand. Add up the score for Go-getters. A good year for vote-getters. Hands are clasped across that Dixie Line. Every Southern sister And her lovely mister Votes Republican next time. 'Get on the phone. Help with filing. Walk and talk . . . keep on smiling. Woman's work is never never done. Winning is the mission And it's our ambition To elect more Republicans. 'Put on your campaign button. Shiny new campaign button. Steady as a rock. Victory. Pretty soon the White House Will be yours and My House. G-O — Go — Go — G-O — P."

Chairman Sees Defeat Of Effort To Abolish Zoning

Gilbert Killinger, Collinsville township supervisor and chairman of the Madison county zoning committee of the board of supervisors, predicted that a move to abolish the county ordinance will be defeated at the next board meeting at 10 a.m. Wednesday.

According to preliminary calculations, he said the vote should be 29 to 19 in favor of retaining zoning.

The five-man committee is divided three to two in favor of zoning, Killinger said, but the committee will recommend to the board that a new ordinance to abolish zoning, introduced at the July meeting, be defeated.

Committee members in the majority are Killinger, William G. Straube, assistant supervisor of Edwardsville township, and C. A. Nicolet, Godfrey township supervisor. Opposed to zoning are Roy Halbe, Hamel township supervisor, and William Bryant Wood, River township supervisor.

Three New Homes

Only three permits were issued for new homes at a cost of \$40,500. There were nine for additions to homes at \$9800, 12 for garages and carports at \$7750, 26 for repairs and remodeling to homes at \$17,210, two permits for trailer installations at \$7500, and one permit to raze a structure at a cost of \$200 was issued.

Twelve permits were issued during the last part of the month, including one for a new home obtained by Walter Kalsaw, 2385 Clark avenue, for a brick veneer in the Holiday Gardens subdivision at a cost of \$13,500, and one for a trailer obtained by Thomas Mundy at 2401 Ohio avenue, \$3000.

Remodeling, Repairs

Permits for remodeling and repairs to homes were issued to Walter Hess, 14 Del Rio avenue, install aluminum awnings, \$256; Julia Wachel, 2501 Iowa street, rebuild storage shed, \$100; Bertio Cerutti, 3028 Marshall avenue, replace roof, \$100; M. H. Wolfe, rebuild apartment building at 2035 Illinois avenue, \$4600; Thomas Fisher, 2848 Ralph street, rebuild porch, \$100; George E. Fuchs, 2124 Lindell ave., install aluminum siding and precast stone, \$1580; and the Regt. Co. of Chicago, remodel office at 2005 State street, \$300.

the summer as extra workers on his large farm.

A truck, which the youths had been using, was driven by Perry to the Keller farmhouse. Robert Slemmer ran to the farmhouse of Audley Jacobson, a few hundred yards from the site of the accident.

3 Ambulances Summoned
Slemmer was holding his right arm and appeared confused when he arrived at the house, according to Jacobson. Slemmer explained what happened, and Jacobson called the sheriff's office in Edwardsville. The deputies, in turn, summoned three ambulances to the scene.
In the meantime, the owner of the Jacobson farmhouse, Wesley Schmidt, who arrived at the farm to cut weeds about the time of the accident, learned what had happened and attempted to revive the victims with artificial respiration. Another farmhand, Lawrence Reynolds, who had come back from the Keller house with Perry, also began administering artificial respiration. Jacobson ran to Highway 157 to direct the ambulances.

All five of the boys were taken to St. Elizabeth Hospital. Unsuccessful attempts to revive the dead youths were made on the way. Nicolussi and Robert Slemmer were released from the hospital after treatment for their burns.

After the ambulances had arrived on the scene, Jacobson reported the incident to the Edwardsville office of the Southwestern Electric Cooperative, Inc., operators of the power line. The pipe remained stuck against the power line after the accident. Technicians from the power company said the pipe apparently bounced off the "hot" wire and came to rest on a neutral wire a foot below.

The electrical workers turned off the current to the line at a junction point on nearby Highway 162. The line runs from the highway to an irrigation pump at the accident scene and then to the Jacobson house. The power was turned off for two hours while sheriff's deputies and power company officials investigated the incident.

Keller, 44, the employer of the youths, was not at home at the time of the accident. He had gone to Missouri to deliver an order of produce.

"The boys were just like our own," Mrs. Keller told a reporter.

Deputy Coroner Henry Pieper will conduct an inquest, but no date has been set.
Funeral services were held yesterday for William Henry, this morning for William Henry Schatz Jr., and services will be conducted this afternoon for Richard Slemmer. Granite City funeral homes are handling the arrangements for the Schatz and Henry funerals and the Slemmer arrangements are in charge of an East St. Louis funeral home. Today's obituary column contains further information concerning the Schatz and Henry funerals.

Senior At Madison HS
Born in St. Elizabeth's Hospital, William Schatz had lived in Madison all his life. He would have been a senior student in September at Madison high school. He was a participant in the high school's track and football programs.

A member of the Baptist Church of Madison, Schatz is survived by his parents, Mr. and Mrs. William Henry Schatz sr.; grandparents, Mr. and Mrs. J. L. Young of Madison; a maternal grandfather, Frank Buckland, London, England; and a step-grandmother, Mrs. Lela Schatz of Huntington, Ind. He had no brothers or sisters.

William C. Henry Jr., who resided with his parents on North street in Glen Carbon, was a sophomore student at Southwestern Illinois University Quad-City-Edwardsville campus. He was studying zoology and planned to enter the forestry service upon graduation.

Born at St. Elizabeth Hospital, Henry had lived in Glen Carbon most of his life. He was graduated in 1960 from Edwardsville high school, where he was a participant in track for three years. Surviving Henry, in addition to his parents, Mr. and Mrs. William C. Henry sr., are four sisters, Mrs. Patsie Ann Conraux of Glen Carbon, and Mrs. Mary Jo, Margaret Rose and Elizabeth Marie Henry, all of whom lived at home; a brother, Henry Maurice, Glen Carbon; a maternal grandmother, Mrs. Margaret Viere, and a paternal grandmother, Mrs. Augusta Henry, both of Glen Carbon.

Richard Slemmer, a 1963 graduate of Edwardsville high school and a member of Lodge East-ten, C.S.A. of East St. Louis, was born in East St. Louis but lived in Glen Carbon all his life.

He is survived by his parents, Mr. and Mrs. Lester Slemmer, Glen Carbon; a sister, Miss Vicki Lynn Slemmer; a brother, William David Slemmer; maternal grandparents, Mr. and Mrs. Rudolph Frasky sr., East St. Louis; paternal grandparents, Mr. and Mrs. Joseph F. Slemmer of Edwardsville. The funeral was at 2:30 p.m. today at an East St. Louis funeral home, with interment at the Glen Carbon Cemetery.

Rev. Taylor Celebrating First Mass Here Sunday

Rev. George M. Taylor, S.M., of Granite City will celebrate his first Solemn High Mass of Thanksgiving at 11:30 a.m. Sunday at St. Elizabeth's Church.

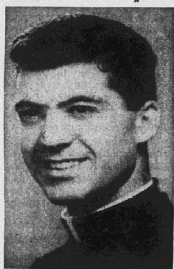

Father Taylor, son of Mr. and Mrs. George E. Taylor, 1612 Moro avenue, was ordained March 30 at the Marianist International Seminary in Fribourg, Switzerland.

He arrived here Tuesday afternoon from Europe where he had continued his studies following the ordination. He has been assigned to teach at St. Mary's high school in St. Louis, one of the schools operated by the St. Louis province of the Society of Mary which extends from Canada to Texas.

The High Mass will be sung by the Marianist brothers choir composed of members of the society serving in various communities in the St. Louis area. An honor guard will be formed by members of the fourth degree of Tri-Cities Council 1068 of the Knights of Columbus.

A breakfast is to be served in the church hall, and a reception is scheduled for 7:30 p.m. Sunday in the hall.

St. Elizabeth's was his home parish before Father Taylor joined the Society of Mary in 1948. He entered Maryknoll, the Marianist novitiate after graduating from Chaminade College preparatory school in St. Louis and made his first profession of

After graduating from St. Mary's University in San Antonio, Texas, he taught at St. Michael's high school in Chicago for four years and at Belleville Cathedral high school for two years.

He was assigned to the seminary at Fribourg in 1938.

Downtown GC Sidewalk Sale Opens Tomorrow

Seventy-nine retailers of downtown Granite City are preparing for their third annual sidewalk bargain sale which will be held tomorrow and Saturday. The downtown Granite City Shopping Center Assn. is sponsoring the annual event.

The Gay Nineties is the theme of this year's sale and all sales personnel will be dressed in Gay Nineties attire.

According to Alvin Barnes Jr., executive director of the retailers organization, all sale merchandise—most of which is spring and summer clearance items—will be displayed on tables in front of the stores and will be sold at unusually low prices.

Shopping hours will be from 9 a.m. to 8:30 p.m. on Friday and from 9 a.m. to 6 p.m. Saturday. Free parking will be provided for shoppers on the association's parking lot at 18th street and Edison avenue.

Accident In Driveway

Involved in an accident in a driveway at 2426 Lincoln avenue yesterday afternoon were autos of Jerome Johnson, 26, of 2426 Lincoln avenue, and Loretta Rose, 24, of 2943 Myrtle avenue. Police said there was damage to the left rear of Johnson's auto and to the right rear of the Rose auto.

Nameoki Twp. Board

(Continued From Page 1.)

other than the Nameoki township board, came from the Madison County Citizens Committee, which resolved at a meeting last Thursday to aid the zoning ordinance in any way possible.

In other action by the board, the auditors agreed to initiate legal proceedings against the owners of a junk yard at the intersection of Highways 162 and 111. The junk yard is owned by S. W. Drake and Richard Drake, father and son.

According to a junk yard control ordinance, enacted April 5, 1960, by the township board, all junk yard owners in Nameoki township are required to purchase a license to maintain their operation. The license fee is \$150 a year.

Fire Hazard

The Drakes have never purchased a license, said Township Atty. Nick Vasiloff. Much of the bulky scrap metal, such as auto bodies and engine parts, has been removed in compliance with a request of the board, but a large pile of lumber, which is deemed a fire hazard, still remains on the premises. The legal action is being taken to have this lumber removed.

Vasiloff said he would initiate proceedings the next morning. Attorney for the Drakes is Kenneth Kelly.

Supervisor Harry A. Briggs reported he has heard nothing new on the possibility of a large, nationwide industry located in Nameoki township. Briggs first announced that the township was one of three sites in the St. Louis area under consideration by officials of the corporation for the construction of a new plant, which would be one of 31 owned by the corporation throughout the country.

Aug. 2 was erroneously announced by Briggs as the date of a meeting of officials of the corporation to decide on the plant location. He said that the meeting will be sometime later in August.

Bills approved by the board at the meeting were: \$450 for town fund disbursements; a \$1327 for road and bridge repairs.

The next meeting of the board of auditors is scheduled for Monday, Aug. 19.

Housing Board Opens 12 Insurance Bids

Bids for fire and comprehensive insurance for the 431-apartment Kirkpatrick Homes low-income housing project and the 100-apartment Anchorage project for the elderly were opened Tuesday night at a meeting of the Granite City Housing Authority board.

Twelve bids were received and will be referred to the Public Housing Authority office at Chicago for review and award of a contract.

The bids were based on a \$349,800 valuation for Kirkpatrick Homes and \$667,800 for Anchorage. The bids were for premium payments for three years. Several were identical, having been submitted by different agencies for the same insurance firm.

A breakdown of the bids, listing the agency, premium for Kirkpatrick and premium for Anchorage in that order, follows: Firemen's Mutual, Cleveland, O., none and \$1364; C. W. Lotshaw Co., East St. Louis; Maryland Real Estate, Granite City, Mo.; Holsinger Agency, Granite City, Mo.; Fourch-Webb Insurance, of Wood River, all with identical bids of \$11,880 and \$2377.

Tall Weeds Being Cut At Two Old Cemeteries

Tall weeds growing in the long-abandoned Catholic and Methodist Cemeteries to the rear of Kirkpatrick Homes are being cut by city employees, William Jenkins, assistant city inspector, announced this week.

Weeds reached 10 to 12 feet tall in many parts of the adjoining cemetery, and most of the old grave markers are invisible. The cemeteries have been an eyesore for years, Jenkins said. Many of the markers have been misplaced and are deteriorated.

Efforts are being made to determine the title holders of the property and methods of correcting the situation are being considered. It has been proposed to convert the cemeteries into a

quiet, memorial park. The area may be sprayed with a weed killer next spring to prevent the growth.

Park District Wins Its First ASA Sectional Title

GC Softballers Defeat Alt-Wood 3-0 In Championship Game At Caseyville

Working like a well-oiled machine, the Granite City park district squad rolled to its first Amateur Softball Association sectional championship in its three-year history at Caseyville Tuesday night, defeating the Alt-Wood Merchants 3-0 in the final game of the ASA meet.

The park nine made it look easy in qualifying for the ASA's state tournament next week at Godfrey, where it will meet the third place finisher out of the Sullivan sectional on Thursday, Aug. 15.

Two explosive scoring innings, one of which began with two out, plus the continued line hurling of Howie Lamb and some sparkling defense, was the winning combination.

Second Win Over Alt-Wood
Lamb tossed his fourth shut-out of the tournament, giving up only one hit—an infield single by Stan Fincher—while clutch base hits were delivered by Jim Bain, Art Borchers and Leon Chappel, and Borchers and Babe Champion turned in good catches on the infield which fell into the base hit "robbery" category.

The park beat Alt-Wood twice in the double elimination tourney, the first time last Saturday by a 1-0 score, dropping the Merchants into the losers' bracket.

Alt-Wood fought its way back into the championship bracket Monday night by defeating the Southern Illinois Athletic Club 3-1 after SIAC had reached the losers' bracket semifinals with a 2-1 decision over Johnny's of Belleville.

Three to State Tourney
All three clubs—the park district, Alt-Wood and SIAC—will move on to the state finals next

week, with Alt-Wood paired with the winner of the Bloomington sectional on Thursday and SIAC bracketed against the Sullivan tourney winner on Friday. Sixteen teams will make up the field at Godfrey.

The champions of the double elimination state finals will advance to the ASA West-central regional at Aurora later this month.

Tuesday night Lamb and Alt-Wood's Bob Garner matched scoreless frames for five innings. Two base hits and an intentional walk with one out got Garner in hot water in the fourth, but he worked his way clear with a strikeout and force out at the plate.

The park fifth began harmlessly enough, with the first two batters being retired. But then Ron Dillard shot a single through the left side of the infield and alertly moved to second when the ball was bobbled momentarily in the outfield.

When Jack Scarborough reached first after striking out on a bad ball which catcher Leto Metz could not handle, moved to second on Garner's second wild pitch and beat a good throw from the outfield with a hard slide after Chappel had lined a single to right.

Lamb's fourth shutout of the tourney—did not allow a runner to reach first in 28 innings—seemed in jeopardy for a moment in the seventh when Metz cracked a long high drive to right. Outfielder Marv Brokaw had his back to the fence when he made the catch.

In the sixth Champion made a leaping stab of Doc West's

hard shot at first base to take at least a double away from the Alt-Wood batter. Earlier, Borchers had handled a similar hot shot off the bat of Glen Wintlen over on the third base.

An elated Champion, who doubled as field manager for the park club, picked up the first place trophy from Caseyville VFW Post 1117 Commandant Walter Patrick after the dust had settled.

Champion's left arm was left up to one guy," he said in reference to the park's nine wins in its last 10 games. "Up and down the line-up, we've been getting help right along. And it seems to come from a different place each game. We're going good now, and that's the reason."

Play Chiefs Saturday
To offset any chances of going stale before state tournament time, the Granite City team has scheduled a doubleheader with the Alt-Wood Chiefs at 7:30 p.m. Saturday. The Chiefs are host team for the state tourney, and the twin-bill will serve a double purpose: it will be played at the Godfrey state tourney diamond.

TOURNAMENT NOTES
Park second baseman Bob Stenevener, out for the past month with a thumb injury, expects to have the cast removed by Aug. 17, in time to be ready to play in the state tournament.

The championship trophy

won by the park district was the first since the team won its July 4th invitation in 1961. The club was second in sectional and state ASA play last year, runner-up in its July 4th tourney this year and third at the Wichita Air Capital meet.

Teams which are moving to a higher level of ASA competition usually pick up players from eliminated teams, and the Caseyville sectional was no exception. Vandalia Merchants shortstop Harold Royer was added to the park district roster, while Merchants' pitcher Rip Rapp went with Alt-Wood.

COLLUSION COURSE Park's Art Borchers bears down on Alt-Wood catcher Leto Metz, who sets himself for home plate crash in third inning of Tuesday's ASA title game. Borchers was forced at the plate on bases-loaded ground ball.

Eighth-Mile Drags Tonight At Speedway

Something new in the field of auto racing—eighth-mile drag racing on a dirt track—is scheduled tonight at the Tri-City Speedway under speedway and Steel Mills hot rod club sponsorship.

Thirty-five classes will run in the first of three Thursday night drag dates. They include 65 stock (stick and automatic) classes, seven gas classes and three sport classes. Top eliminators in each division will also be determined.

Bob Fink, president of the Steel Mills club, said racing will be run off according to National Hot Rod Association rules and stock classification. Time trials will begin at 6 p.m. and the first eliminations about 8:30.

Exhibitors will feature Claude and Clyde Bradshaw, twin brothers from Granite City, and John Burton of St. Louis, all driving 1963 factory-prepared hot rods.

Admission is \$1 at the gate. PH passes are \$1. Similar racing programs are scheduled at the speedway on Aug. 15 and 22.

Trust Bank Dumped Twice; Alt-Wood, Bellemore Share 35-Plus Top Spot

Bellemore Sporting Goods, led paced Alt-Wood to a six-run fifth against the VFW Tuesday night, but the team's lead was short-lived.

Now tied with Alt-Wood Fuel for the lead in the five-team league, Bellemore helped itself Tuesday night by knocking off former first place holder Trust Bank 11-0, after Alt-Wood had downed VFW Post 1300 by a 13-3 score.

Alt-Wood had opened the night's three-game set by trimming Club Delmar 7-3. Bellemore began its late surge Monday night with a 12-2 win over Post 1300, Alt-Wood, in second place Monday night, added a 14-0 win over the Bankers, trimming their lead to one game.

Three-Way Tie Possible
The league season will come to a fitting climax—or anticlimax—next Monday night when Alt-Wood and Bellemore clash in a doubleheader, beginning at 7 p.m.

It is a three-way tie for first place is possible if the teams split. A sweep by either would insure that club a first place victory.

West Virginia University won Southern Conference championships in baseball, basketball and cross-country this past year.

Tripled by Rich Fry and Milton
A fourth inning triple play, the second in park softball action this summer, helped Bellemore win Tuesday's first game from Club Delmar. The winners scored three in the first and two in both the second and fourth innings on the way to a 7-3 victory.

DOWNSTATE FISHERMAN'S GUIDE

By C. A. FRAZER

Channel catfish at Lake Murphysboro held the fishing spotlight in southern Illinois last week, topped by the 15-pounder caught by Fred Krump of Murphysboro using cut bait dangling from a free-floating jig. There were several other reported weigh-ins over six pounds each.

A flurry of bass feedings was reported at Devils Kitchen Lake from 5 p.m. until dark Sunday evening (Aug. 4), also at Little Grassy Lake. In each instance, several fishermen were on hand to catch in, but a number of small bass were caught.

From the eastern side of the state is word that bass are taking plugs along the rocky shore of the Ohio River, between the mouth of Grand Pierre Creek and Lusk Creek, but fishing is slow in the creeks themselves. The Ohio is at pool stage and clear. Jugging is fair, with no large catches reported, and there is little to interest those who fish from the dam at Golconda.

There has been a marked decline in bluegill fishing the past week, according to the boat dock operators at all the lakes, although the long line bait fishermen who know the holes can wet the stinger at Devils Kitchen or Lake Murphysboro. EIGHT TEAMS, three of them from Granite City, will compete for the first Illinois state slow pitch softball title here over the weekend. The Wilson Park tournament will send its champion to the national slow pitch finals at Jones Beach, N.Y., Aug. 31-Sept. 2, marking the first time that Illinois was represented there. The double elimination tourney here will begin Friday evening and conclude Sunday night. Clip bracket and follow the tournament.

Credit Union, Franke's Split In Exhibition

Granite City Steel Credit Union and Franke's Split Exhibition of Belleville exclusive exhibition football victories last night at Wilson Park.

Franke's played a 10-hit, eight-run second inning into a 14-3 first game win, and Jack James threw a seven-hit shutout at the visitors in the second, 9-0.

Seven singles, Dale Meyer's double, two errors, a pair of walks and a hit batsman staked Franke's to a 10-0 lead early in the opener. The visitors added four more in the next inning, with Meyer again contributing a double.

Paul Hopper was the loser. Meyer was the winner, working the first three innings. With Franke finished up for the Belleville club.

James gave up three hits in the first inning, managed to escape unscathed, but then handcuffed Franke's rest of the way in the second game.

John Draper smacked a two-run double and George Egan hit a triple as the Credit Union got away to a 3-0 lead in the first. Fred Cavins drove across two more in the fourth with a triple, and Groves got to his third hit off lower Franke to plate the third run of the inning.

The Credit Union added two runs in the third and one in the fifth, while James remained only four hits over the last six frames. Ed Richards took over on the mound for Franke's in the fifth, Glen Sprankle had four straight singles for the winners.

Venice Girls Win; End League Season At Home Tonight

The Venice Girls, who finished third in the six-team Girls' Twilight Softball league, solidified their hold on that spot last night when they set down Wood River on the losers' diamond, 9-3.

Dianne Cotter had three hits for the winners, two of them in the fourth and sixth innings when Venice came up with four runs. Joan Turpin pitched the distance for "Pop" Meyer's club.

Venice will conclude its league season at Lee Park tonight at 8:30 when the club entertains last place Belleville.

Post-season playoffs will begin Friday, Aug. 16, when the Girls meet the winner of an Aug. 15 first place playoff between the Alton Lakers and Collinsville Rocketeers, who finished in a dead heat for the top spot with identical 16-4 records.

TWO-DAY SWIM MEET
Diving events are scheduled tomorrow and swimming events on Saturday at the second annual Southwestern Illinois Swimming Association conference meet at Summers Park in Alton. The host tank team, unbeaten in dual meets against SISSA members, is favored, with Paddlers of Granite City expected to provide the major competition.

RACE FOR OFFICIALS
Track officials—about 200—will compete in a special race Saturday night at the Tri-City Speedway. The regular racing program begins at 8:30 p.m. with contests in modified, amateur and fender-bender classes.

60 CARS SHORT?
Still on the subject of auto racing, several complaints have been lodged against an out-of-town promoter who staged a "100-car destruction race" last week at the speedway. Only about 40 cars were on hand, and not all of the "guaranteed" machines would start for the \$500 feature event. Some drivers claimed parts were missing or that no gas was available, and they were told to watch from the sidelines.

HOLDS STILL "SEMI-CONSCIOUS"
Race driver Dave Hollis remains in a "semi-conscious" state at Barnes Hospital, St. Louis, although doctors say his general physical condition is good. Hollis suffered head injuries which have not been completely diagnosed when his modified car crashed at the Tri-City Speedway on July 27. "He has been sitting up in a chair, and has even done a little walking," a member of Dave's family said this morning. "But still is not able to carry on a conversation." There is no paralysis at the present time.

CLASS 'B' DEADLINE
The deadline for return of team rosters for the Granite City Class "B" softball tournament is Aug. 14, ASA commissioner for this area, Harold Brown, said today. The tournament will be played Aug. 17-18 at Wilson Park. Roster forms are available at the Granite City park district office. Regional winners will play in the state finals at Macomb Aug. 28-Sept. 2.

An organizational meeting of the Southwestern Illinois Planning Commission is being scheduled for 1:30 p.m. Monday at the Sunset Hill Holiday Inn motel, State Sen. Alan J. Dixon of Belleville is to preside in the absence of State Sen. Paul Simon, who is in Europe.

The commission is to coordinate planning and growth in Madison and St. Clair counties, and its studies are to include industrial development, land use, community facilities and population.

It will be served by a fulltime staff to be paid from allocations from the state and federal government and \$37,500 from the state.

Detroit pitcher Bubba Phillips is the only active major league hurler to be a member of the American Legion Dugout at Brighton, 2.

SPORTS BULLETIN

The fourth place team in last week's slow pitch regional softball tournament here, Spengler-Dawes, will replace a Peoria club in the state slow pitch finals bracket here Saturday.

The announcement came today from Amateur Softball Association Vice-President Dick Eekes of Alton after the Peoria club scheduled to play here withdrew to participate in a 19-team Class "B" regional tournament in its home town.

Tony Romolo, manager of the Peoria club, said his team would be unable to participate in the state finals because of the Peoria club's withdrawal. Spengler-Dawes will meet East St. Louis at 2 p.m. Saturday in the first round. The tournament begins tomorrow night and continues through Sunday at Wilson Park.

Railroad Seeks Transfer Of Suit From GC Court

(Special From Springfield)
The Southern Railway Co. has asked the Illinois Supreme Court to mandamus the city court of Granite City to transfer a \$60,000 personal injury suit from an employee to a circuit court in the railroad's home town of Knoxville, Tenn.

The employee, Paul P. Estes Jr., Knoxville, Tenn., seeks a judgment high for damages as a result of injuries and for court costs. He was employed by the railroad as a car helper in the railroad's yard at Knoxville, Tenn., and claims he suffered the injuries on July 6, 1959, while inspecting cars there. He said he fell and tripped over an old round of a gondola car.

His suit in the lower court said the fall caused injuries which prevented him at various times and subsequent to the accident to attend to his customary affairs and business. The judgment sought indicates damages for injuries and for medical and hospital costs. He filed suit in the Granite City court on March 7, 1962, under the Federal Employers' Liability Act.

Granite City Court Judge Fred P. Schuman, at whom the mandamus is aimed, ruled against Southern's contention his court lacked venue. He held the railroad maintained personnel in Granite City and that while it had no railroad operations in Granite City, its solicitation of business through its Granite City contact "constitutes doing of business" in the city.

The railroad, Schuman ruled, has a Western Traffic office in St. Louis for solicitation of business in Missouri, Iowa, Kansas, Colorado, Wyoming, Utah and the southern half of Illinois, and that "its contact in Granite City and Madison county is the same in other territories for contacting potential shippers and receivers to use its facilities."

Auto Backs To Park, Two Others Struck
As he was backing his auto to park at 801 Washington avenue, Jesse C. McMurry, Mountain Home, Tenn., said today, he stepped on the accelerator instead of the brake, struck the front of a parked car owned by Carol Clemens, 1599 Market street, Madison, and shoved it into the front of a parked car owned by John Baithon, 721 Washington avenue, Madison.

The rear of the McMurry car was damaged, and the parked cars were towed away as the Clemens auto was damaged to the front and rear and the Baithon car was damaged at the front.

Auto Collide
Involved in an accident about 8 a.m. today on 20th street at Washington avenue were, 11, 20-year-old James H. Harris, 3216 N. Main, who was driving a 1959 Mercury, and a 1958 Chevrolet driven by Eugene Ciemlewski, 28, of Wood River, and Robert Davis, 18, of 1345 Meridian street. Police said Ciemlewski was attempting a right turn.

Treatment Plant Bond Issuance Is Authorized

An ordinance authorizing the issuance of \$625,000 in revenue bonds was passed last night by members of the East Side Levee & Sanitary District board of directors.

The bonds, which have been sold, will finance the district's construction of a sewage treatment plant near Cahokia. It is the major item in the district's pollution abatement plan.

An additional \$201,000 in Federal aid is expected to help finance the project. A contract for treatment plant construction has been awarded to the Chase Co. of Harper Wood, Mich. Consulting engineers are Horner & Shifflett.

Trustees voted to pay the district's share of \$41,982 costs for the relocation of a bridge over the Cahokia creek diversion canal—\$18,681. The remainder of the \$41,982 total cost is to be paid by the Mississippi River Fuel Corp., for whom the bridge was moved in order to facilitate the laying of a pipeline.

A temporary construction easement was granted the Illinois Highway Department at the Mississippi River in East St. Louis so plans and work on the Interstate Route 70 Poplar street bridge may continue.

False Fire Alarm
Firemen from the Nameoki fire station answered a false alarm at 6:40 p.m. yesterday. The report was that a utility pole was ablaze at West Point road and the railroad tracks.

Mrs. Floy Brookman Dies Of Heart Ailment

Mrs. Floy May Brookman, 78, who had been hospitalized 83 days since last Feb. 25 of this year, succumbed of a heart ailment Wednesday at 7:45 p.m. at the Villa Terrace Nursing Home in Alton.

Mrs. Brookman, who resided at 1501 Cottage avenue, had been in St. Elizabeth Hospital several times during her illness. The longest period was six weeks after she suffered a heart attack last Wednesday at 7:45 p.m. at the nursing home four weeks ago.

Born in Hindsboro, Ill., Mrs. Brookman had made her home in Granite City for eight years. Previously, she had lived in Mount Vernon, Ill., for 20 years, and before that in St. Louis. She was a member of the Nameoki Methodist Church, the Royal Neighbors and the Mount Vernon chapter of the Eastern Star.

Preceded in death by her husband, James, in March of 1956, Mrs. Brookman is survived by a foster-daughter, Mrs. John (Ester) Zimmerman of Granite City, and two grandchildren.

Funeral arrangements are contained in today's obituary column.

MORE ABOUT

Nestle
President

(Continued from Page 1.)

tion capacity has been doubled.

He related that the plant was acquired in 1943-37 years after the fact and had been established as the Wagner Brewery—because facilities already in existence were needed to make it possible to rapidly expand production of instant coffee for wartime use overseas.

The speaker cited Nestle's participation in the world's largest industry—food—and described a "food revolution" which has resulted in Americans "eating better for less money than any people on earth at any time in history."

Less Cost To Consumer

Americans have a wider choice and more complete, wholesome and satisfying menus than has ever been the case, he said, adding that food continues to occupy a decreasing percentage of living costs. And instant and convenience foods actually cost seven cents less on the dollar than would be required for the individual to buy the ingredients and prepare them himself, he noted in reviewing U. S. Department of Agriculture studies.

Stafford Campbell, general manager of manufacturing, was toastmaster at the Rose Bowl gathering and Mayor Leonard R. Davis expanded a welcome to the company on its resumption of operations.

Earlier, Wolfisberg and Davis had officiated at a ribbon-cutting ceremony in front of the plant entrance. Plant Manager Howard D. Wolfisberg and Mayor Davis spoke briefly and prayer was offered by Rev. David B. Maxton.

Use Grounds As Fuel

A factor cited by President Wolfisberg in his talk had intrigued those touring the plant immediately after the ceremony and prior to the luncheon—waste is eliminated as a problem by using spent coffee grounds as fuel for a reactor device that provides the necessary heat for production of more instant coffee.

Also noted were hydraulically-operated shipping docks, which include a depressed concrete ramp that can be heated to melt snow and ice.

The \$2,000-square-foot processing center—which includes several "firsts" in the industry—will produce 50 million jars of Nescafe, Deaf and Nestle's instant coffee annually.

Club with a Koffee Klatch Wednesday afternoon. The ladies played games, and refreshments were served. Present were: Mrs. Thebesa Buer, Mrs. Freida Pufalt, Mrs. Anna Huenken, Mrs. Clara Braham, Mrs. Elsie Unger, Mrs. Rose Huber, Mrs. Eva Ignatz.

The Holy Name Society of St. Mark's Church met Tuesday evening with 11 members present. The vice-president, Lorraine Daniels, was in charge and reports were given. A discussion was held concerning the Novena which started last evening.

RETURN FROM TRIP

Mr. and Mrs. Dolph Cooper, 310 Broadway, returned home Monday from a fishing trip at Table Rock Lake and Bull Shoals.

LADIES DEMO CLUB GOING TO STATE FAIR

The Madison Ladies Democratic club held a monthly meeting at the Sportsman's club Monday evening with Mrs. Violet Bader, president, presiding. A social meeting was discussed and is to be held Nov. 6 at the Firemen's Hall in Madison. The ladies also plan to attend the Governor's Day Ceremonies, Aug. 15, at the Illinois State Fair and the St. Nicholas hotel. The invitation was received from the Madison County Democratic Central Committee Chairman, Walter T. Simmons.

The next meeting will be held Sept. 8, a week late, due to Labor Day.

The members also were invited to attend the Labor Day ceremonies at the corner of 23rd street and Madison avenue, Granite City, at which time Cong. Melvin Price will dedicate a flower bed in memory to Veterans of all wars, who gave their lives for their country.

The Civil War centennial flower bed donated to Granite City by members of the Aunt Becky Young Tent 92, Daughters of Union Veterans of the Civil War 1861-65, Violet Kassabaum, chairman, Maxine Costoff, president.

At the conclusion of the business meeting a social time was held with games being played and refreshments served by the hostesses, Mrs. Ann Blazack and Mrs. Costoff, to Mesdames Ida Dant, Kina Ninnoff, Josephine Knezevich, Mary Bridick, Genieve Blumenstock, Hazel Swigert, Veronica Kula, Florence Spohr, Sophie Derner and Elizabeth Wisnick.

GROUP TOURS SOUTH

The Kings Daughters Trio of Granite City returned Tuesday afternoon from a Southern States Tour.

They appeared at the Assembly of God Church in Birmingham, Ala., and were in Panama City, Fla., at Springfield Community Church for a four-night revival.

They were on television station WJHG Sunday morning and a one-hour radio broadcast Sunday afternoon.

PARTY ON NINTH BIRTHDAY

Mr. and Mrs. Richard Carper of 216 Warsaw lane entertained Sunday in honor of the ninth birthday of their daughter Gayle.

Refreshments were served to her maternal grandparents, Mr. and Mrs. John Scott; her uncle and aunt, Mr. and Mrs. Al Kilbort and children, Kathy, Karen, Kenne and Keith.

Also present were Gayle's brothers and sister, Richie, Rod-

cation Bible school held each morning at the First Methodist Church. Commencement exercises will be held Sunday evening at the church for parents, relatives and friends to attend. A staff of 20 officers and teachers are working with the group and Rev. Eugene Beasley, pastor of the church.

The Pay-Off

MEMO
TO ADVERTISERS

Through advertising in this paper you can give our readers the up-to-date news about your merchandise and services. Each one of your advertisements can be a newspaper within a newspaper.

Of course you should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a cooperative, non-profit association of nearly 4,000 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's large staff of experienced auditors makes a thorough inspection and audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A.B.C. reports. When you buy space in this newspaper our A.B.C. report tells you just what, in circulation values, you get for your advertising investment.

This newspaper is a member of the
Audit Bureau of Circulations.

Advertisers are invited to ask for
a copy of our latest A.B.C. report.

Avscom To Hold Small Business Bid 'Fair'

The first of the new once-a-month "Small Business Procurement Fairs" held at the Army Aviation and Surface Materiel Command (AVSCOM) St. Louis, will take place on Tuesday, Aug. 13. The fair will be held on the eighth floor of the Mart Building, 12th and Spruce streets, St. Louis from 9 a.m. through 4 p.m. Formerly held every other Tuesday, the procurement fairs have over 100 items for bid by small business firms capable of manufacturing parts items needed by the Army.

Last year more than 10,000 contracts, totaling \$23 million, were awarded in procurements to small business firms. Rapid advances in the Army's mobility programs account for AVSCOM's heavy procurement requirements.

Items for production bids which are being sought include metal machined products, plastics, rubber, and fabrics for a variety of uses.

AVSCOM has global responsibilities in the planning, procurement, and maintenance of Army air, surface, marine, and amphibious equipment.

Elbow Grease

More than the imagination has to work if a man expects to meet the high cost of living.

Bogged Down

No matter how you look at it, pessimism has always been a destroyer—never a producer.

No Chance

Vacations would be more enjoyable if they didn't cost three times as much as the first estimate.

Elkettes Seek
More Members;
Plan Hat Sale

The August meeting of the Elkettes took place Tuesday evening in the clubhouse of the club with Mrs. Helen Todoroff, president, in charge.

Mrs. Eupie Tarris, ways and means chairman, announced plans for a fall hat sale to be held Sept. 17, and Mrs. Ella Wade, membership chairman, discussed the membership drive now in progress, and a special meeting to be held Oct. 1 at the club for members and their guests.

Also on the agenda is the newly-formed bowling league to begin Sept. 8. Leagues for experienced bowlers will be given each Monday and Wednesday evening at the 23rd St. Club, according to an announcement by Mrs. Irma Armitage.

After the business session there were games and prizes were won by Mrs. Beatrice Tharp, Mrs. Tarris, Mrs. Margaret Marrett, Mrs. Marge O'Neill, Mrs. Todoroff, Mrs. Marian Willard, and Mrs. Frances Homoy. Mrs. Willard also was awarded the special prize.

Refreshments were served by the hostesses, Mrs. Essie Mae Jones, Mrs. Mary Corcoran, Mrs. Martha Baker and Mrs. Tharp, to 30 members.

MISS CAROL COOPER, a daughter of Mr. and Mrs. Ralph L. Cooper, 41 Kaseberg park, whose engagement to Gary Archer, a son of Mr. and Mrs. Carl M. Archer, Rural Route One, Collinsville, is being announced.

Miss Buckingham Is Honoree

A shower party honoring Miss Jean Buckingham, a bride-to-be, was given Tuesday evening at the YMCA by her twin sister, Mrs. Dean Buchanan, who is to be matron of honor at the wedding, and Mrs. Barbara Harris.

Mrs. Harris presided over the guest book and Mrs. Buchanan assisted in opening the gifts.

Wedding bells predominated in the decorative scheme. The gift table was centered with a double arch of bells and cupids and favors were tulle-covered bells to which were attached files of the valley and miniature wedding rings.

On the buffet table was a tiered wedding cake. Refreshments of punch and cake were served to approximately 50 guests.

Games arranged by Mrs. Ruby Mayberry, a great-aunt of the bride-to-be, provided entertainment and prizes were won by Mrs. Violet Miller, Mrs. Wanda Moore, Mrs. Martin Davis and

Mrs. Earlene Hayes.

The hostesses were assisted by Brenda York, Carol Wirth, Irma Gassier of St. Louis, Mrs. Louise Mitchell and Mrs. Charlene Sanders.

Out-of-town guests attending the shower were Irma Gassier, Louise Griffith and Beverly Lloyd of Texas.

Miss Buckingham, a daughter of Mr. and Mrs. Lloyd Buckingham, 2810 Denver street, will be married to Michael Jones, a son of Mrs. Dorothy Jones, 3113 Wayne avenue.

SELECT BABY'S NAME

Mr. and Mrs. Harold Hoffsky, of 1116 State street, have elected a name for their first child, a daughter born July 26th at Scott Air Force Base Hospital. They have chosen the name Cheryl Louise for the five-pound, six-ounce infant. The grandparents are Mrs. Louise Makowski of Madison and Mr. and Mrs. George Kofitzky of Escanaba, Mich.

Trying to keep up with the Joneses gets a great many people out of their social orbit and many are lost in space.

MRS. FRED T. MCCOLLEGAN, a bride of Saturday. Before her marriage at St. Joseph Roman Catholic Church she was Ruth Ann Baize, a daughter of Mr. and Mrs. John C. Baize, 2931 West 20th street.

RECENT BRIDE, Mrs. Nick Milianis, who was married Saturday at Sacred Heart Catholic Church. She is a daughter of Mr. and Mrs. Norbert Reiter of Kufstein, Austria. The bridegroom is a son of Mrs. Eudoxia, Greece. The newlyweds are both Granite Cityans.

SENIOR PROM QUEEN, Miss Mary Elizabeth Frohardt, daughter of Mr. and Mrs. Ralph E. Frohardt, 2445 State street, who has been chosen as queen of the senior prom for the 1963 graduation of the Jewish Hospital School of Nursing, St. Louis.

Miss Frohardt Is Prom Queen

Miss Mary Elizabeth Frohardt, daughter of Mr. and Mrs. Ralph E. Frohardt, 2445 State street, who will graduate Sunday from Jewish Hospital School of Nursing with the largest class in the history of the school, has been named Senior Prom Queen. Sixty-three will receive diplomas.

The graduation exercises will be held at 3 o'clock in the afternoon Sunday at Temple Shaare Emeth, 6830 Delmar Blvd. Miss Mary Jane Venger, director of nursing at Mount Sinai Hospital, New York City, will deliver the commencement address. Edward F. Schweich, vice-president of the hospital, will award diplomas. The invocation and benediction will be given by Rabbi Martin Katzenstein of Temple Israel.

The people who insist on having their own way soon discover how contrary others can be.

FLAG PRESENTATION by DAV Auxiliary to the DAV chapter. Left to right are Marie King, treasurer; J. Miller, chaplain; George Krpan, a post commander; Helen Miller, commander of the Auxiliary; Irene Niehaus, Lillian Heffler, Joseph Heffler, treasurer; Paul Cooper, DAV commander; Louise Schieff, adjutant Dorothy Best, chaplain. The flag is for the new flagpole at the post home.

DAV AUXILIARY PLANS PARTIES

The DAV Auxiliary met last night with Commander Helen Miller in charge.

Louise Schieff, hospital chairman, announced parties to be given by the Auxiliary at the Madison County Sanatorium in Edwardsville, and at John Cochran Hospital, St. Louis. Six members were present at the meeting.

Mrs. Dorothy Best, chaplain, offered the opening prayer and the following were elected delegates to the national convention

to be held in Miami Beach, Fla., later this month: Lillian Heffler, past junior department commander; Irene Niehaus, June Scheiger and Wilma Dorch.

RETURNS FROM HOSPITAL

William Struttman of Athens, Mich., a former Granite Cityan, has returned to his home from a Veterans Hospital in Ann Arbor, Mich., where he has been undergoing treatment.

RETURN FROM VISITS IN SOUTH AND WEST

Mr. and Mrs. W. J. Oliver and daughter, Helen, 2640 Highway 67a, are expected home over the weekend from Long Beach, Calif., where they spent a vacation of three weeks visiting their son and daughter-in-law, Mr. and Mrs. William Oliver and children, Jeffrey and Kelley, former Granite Cityans. Mrs. Oliver's parents are Pete Barzoff of Madison, and Mrs. Margaret Barzoff of Granite City.

While away the travelers toured southern California and also celebrated the birthdays of their daughter-in-law and granddaughter. They left Long Beach Monday for Memphis, Tenn., where they will visit Mrs. Oliver's mother and sister before making the remainder of the trip home.

MRS. CONRAD MOELLER HAS CLUB PARTY

Mrs. Conrad Moeller entertained her card club Wednesday at her home on Grand avenue.

After the noon luncheon the ladies spent the time at cards with the prizes going to Mrs. Harold Klenle, Mrs. Herbert Buente and Mrs. Clifton Halbert.

The next meeting will be Sept. 4 in the home of Mrs. Harry Jackson, 2324 Benton street.

City Bill List Totals \$132,110 -- Loan Is Paid

Disbursements and a half-month payroll totaling \$184,965 were approved Monday night by Granite City council members.

The \$132,110 two-week bill list included \$100,233 paid to First Granite City National Bank for a \$100,000 tax anticipation warrant with 3% interest for June 27 to July 25.

The payroll for the first half of August amounted to \$32,854. Major items on the lengthy bill list included the following: A. H. Seebold Co. for motor fuel tax work on State street, \$13,652; Engineer David Johnson for supervision on the MFT sewer cleaning project, \$1,283; along with \$1838 for engineering and inspection on the Marshall avenue MFT project and \$2049 for the Faith avenue MFT project.

East St. Louis & Interurban Water Co. \$1439 for July rental on 348 fire hydrants; Illinois Municipal Retirement Fund, \$2200 for the July share paid by the city and an additional \$78 for social security adjustments for Aldermen Paul Rutledge and Mrs. Gabrielle Betnece.

Maintenance parts and fuel for city equipment amounted to \$2776, while weed cutting cost \$452, which \$154 was paid to William Logan Jr., \$287 to Leo Kamadulski and \$15 to Clarence Whitford for weeding and several weeds on three lots.

Herman Mueller was paid \$50 for premium for a one-year liability insurance policy for the city defense organization; and during July amounted to \$79, paid to Grand Cafe.

An audit of city accounts by Jack D. Hagens, auditor of East St. Louis, cost \$1023.

Expense allowances on the bill list were \$170 for Mayor Davis, \$50 for Police Chief Raymond Willard and \$30 each for Aldermen Betnece and Alderman Edmund Bartosich.

Wallace Forfeits \$50
Bail On Fight Charge

Gay Ronnie Wallace, 24, of 2829 Willow avenue, forfeited \$50 cash bail when he failed to appear before Madison Police Magistrate John Birkick at 7 p.m. Tuesday for arraignment on a charge of fighting.

There was no prosecution against Wallace on Monday, 36, of Rural Route One, who was faced with the same charge. He was released. They were arrested after a fracas early Sunday at Johnny Lewis' tavern, Fourth street, and a fight between Donald Carney, 22, of 2435 Logan avenue, described as a bystander, was hit in the eye, forehead and cheek by a flying glass from a broken beer bottle.

Vandals Smear Grease, Pour Oil At New Building

Oil and grease were smeared on doors and the floor and on workers' tool boxes by vandals who entered the new post office building under construction at 24th street and Madison avenue last night.

The damage was reported to police at 8 a.m. today by representatives of the J. E. Williams and Clyde Nelson construction companies.

Live and Let Live
The man who lives for himself alone proves that he's a mighty poor judge of human nature.

Well Adjusted
Being able to take things as they come, and live with them is another form of success.

There's more power in kindness than in an H-bomb—it just takes longer to develop it.

SOCIETY FAMILY REUNION AT GOINZ HOME

A family reunion will be held over the weekend at the home of Mr. and Mrs. Zollicoffer, 1708 8th street, Madison. Their son-in-law and daughter, Mr. and Mrs. R.J. Murray and daughters, Peggy and Kathleen, of Los Angeles, Calif., arrived here by plane Tuesday and a daughter-in-law, Mrs. Bryan Goins, and children, Retha and Bill, of Detroit, Mich., also are here. The son, Bryan Goins, and Bryan Jr. will arrive Friday to join the family circle.

The U. S. purchased the Virgin Islands in August 1916.

Sorority Meets At Grisham Home

Mrs. Thelma "Tippy" Grisham entertained Eta Alumnae Chapter of the Phi Tau Omega sorority at a party last night in the Key Room of the Lewis and Clark restaurant in East Alton.

The hostess effectively combined the colors of yellow and green in the appointments. The table was centered with a crystal epergne holding yellow roses and feathery fern fronds with antique crystal kerosene lamp bases filled with more of the flowers. Flavors were Swedish silver salt spoons. Guests present were Mrs. William Buehler, Mrs. Edward Cook, Mrs. Harry Cook, Mrs. Dorothy Anderson, Mrs. Kenneth Graham, Mrs. Leo Gresh, Mrs. Paul Meyer, Mrs. George Louis, Mrs. Harry Cook, Mrs. Pauly, Mrs. Anderson, Mrs. Otto Hoelscher and Mrs. Jon Tarpoff.

Venice Speeding Charges

Two drivers were charged with speeding Monday by Venice police. They are Charles Heberer, 26, of Edwardsville, at Broadway and Market street, who was released on \$15 cash bail, and Charles L. Walton, 32, of 402 Slough road, Venice, at Broadway and Oriole street, who posted his driver's license as bond. Hearings are set for 1 p.m. Saturday.

And Mr. Dorothy Anderson. Games provided entertainment and prizes were won by Mrs. Kenneth Graham, Mrs. Leo Gresh, Mrs. Paul Meyer, Mrs. George Louis, Mrs. Harry Cook, Mrs. Pauly, Mrs. Anderson, Mrs. Otto Hoelscher and Mrs. Jon Tarpoff.

For a successful future devoid most of your time eyeing the goal.

Miss Miller To Teach The Mentally Retarded

Miss Marlene Miller, daughter of Mr. and Mrs. Thomas J. Miller, 1725 Rhodes street, will teach this September at the Missouri State Training Program School for the trainable mentally retarded children in St. Louis.

Miss Miller, who recently received her Bachelor of Science degree in education from Southern Missouri State College, plans to continue her education by attending night classes at St. Louis University.

She majored in high school and elementary education and minored in history while attending Southeast Missouri.

Adversity
It takes a chain of circumstances to show up the weak link in any man's character.

MISS MARLENE MILLER, of 1725 Rhodes street, who will teach mentally retarded children this fall at the Missouri State Training Program School in St. Louis.

MORE ABOUT Loot Thieves

(Continued from Page 1.)

Granite City who stole an auto owned by John E. Stanton, 1800 Ferguson avenue, Monday evening. The boys were captured Tuesday in Missouri and held at the Jefferson county jail at Hillsboro, Mo. The boys were listed as juveniles, 16 years of age and under.

Gauges Taken From Auto
A set of gauges valued at \$13 was taken between 8 a.m. and 1:20 p.m. yesterday from the unlocked auto of John Sanders, Bethalto. He told police the auto was parked on a lot in the 1800 block of Edison avenue.

A speedometer was taken from a bicycle owned by Mike Yeager, 3028 Edgewood drive, after the bicycle was stolen from off of Johnson road. It was reported to Granite City police at 12:20 p.m. Tuesday. The bicycle was recovered by the owner.

Ralph Terrill, 2204 Monroe street, reported to Granite City police at 10:15 a.m. Tuesday that a briefcase was stolen from his auto while it was parked at the Rose Bowl restaurant the previous Wednesday.

**Ruth Ann Nichols, 8,
Succumbs To Cancer**

Ruth Ann Nichols, eight years old, died Wednesday at 9 p.m. in St. Mary's Hospital in East St. Louis, where she had been a patient for two weeks.

Ruth Ann, the daughter of Mr. and Mrs. William F. Nichols, Rural Route three, Bend Road, East St. Louis, had been suffering for more than a year with a malignant cancer tumor of the foot.

In March, she underwent surgery at Tulane University in New Orleans, La., in an attempt to remove the tumor. Performing the operation was the chief surgeon of Tulane University and Dr. Oscar Creech.

Previously, she had been a patient in Children's Hospital in St. Louis.

Born in Granite City at St. Philip's Hospital on Dec. 28, 1954, Miss Nichols would have been a fourth grade student this coming school year at Harris School in Madison.

In addition to her parents, she is survived by her paternal grandmother, Mrs. J. C. Nichols of Belleville, and her maternal grandmother, Mrs. Anna Ford, who resides at the Nichols home.

Funeral services will be conducted tomorrow at 3 p.m. at Trinity Lutheran Church in East St. Louis, with interment in St. John's Cemetery in Collinsville.

Ruth Ann's father is owner and operator of Nichols Net and Twin Co. at 500 Layton road.

**George McElroy, 79,
Dies In Nursing Home**

George L. McElroy, 79, a resident of Granite City for the past four years and for 10 years between 1928 and 1938, died in the Madison Nursing Home today at 5:30 a.m.

He had entered the nursing home two weeks ago after being released from Jewish Hospital, St. Louis, where he had been a patient since last May 13 with a broken hip.

Born in Dover, Tenn., Mr. McElroy had moved from Dover in 1928 and worked for 10 years at Granite City Steel Co. In 1938, he returned to Dover and made his home there until four years ago.

He was a member of the Trinity Methodist Church in Dover. Preceded in death by his wife, Ada Lee, who died two years ago, Mr. McElroy is survived by four sons, Marshall B., Minus L., Rev. Elmer L. and Harvel E. McElroy, all of Granite City; a daughter, Mrs. Kleeman (Janie) Whitford of Dover; and 18 grandchildren.

Funeral arrangements are given in today's obituary column.

CANDLELIGHTERS MEET AT THOMPSON RESIDENCE
The Candlelighters Card Club members held their regular semi-monthly meeting Wednesday evening in the home of Mrs. Doris Thompson, 2146 Woodlawn avenue.

Games were played and those holding the highest scores were Mrs. Arlene Laub, first, Mrs. Donna Hogan, second, Mrs. Lois Cruise, third, and the flower prize went to Mrs. Norma Loftis.

The hostess used an oriental theme in decorating with tallies, dining cloth napkins and favors matching. Yellow lighted candles served as the centerpiece on the dining table.

Mrs. Thompson served a buffet luncheon to the members and they each presented Mrs. Shirley Brown with gifts in honor of her birthday which will be in this month.

Other members present were Mrs. Shirley Thompson and Mrs. Bette Tom. Mrs. Brown invited the club to her home, 1640 Moro avenue on Aug. 21.

CANASTA CLUB ENTERTAINS HUSBANDS AT MT. OLIVE
Members of the Thursday evening Canasta Club entertained their husbands with a picnic and barbecue Sunday at the Hillmer clubhouse in Mt. Olive.

During the afternoon games were played and the men fished. Present were Mr. and Mrs. Charles Kovarik, Mr. and Mrs. Vernie Hillmer, Mr. and Mrs. William Hillmer, Mr. and Mrs. William Drew, Mr. and Mrs. Ralph Rotter, Mr. and Mrs. Ferd Pieper and Mr. and Mrs. Al Hoeller.

The next meeting will be in the home of Mrs. Hoeller, 3012 Wayne avenue, Sept. 12.

WRIGHT FAMILY RETURNS TO KANSAS
Mal and Mrs. L. S. Wright, of Ft. Leavenworth, Kan., and their children, Allen, Linda and Gary, returned home Monday morning after spending a week with Mr. and Mrs. Jim Spinks, 1516 Clark avenue. The Spinks' son, Jimmie, left with the Wrights and will spend the remainder of the summer with them.

MRS. KIEF HOSTESS TO COFFEE CLUB
Mrs. Janet Kief entertained the Lynn Avenue Coffee Club Wednesday morning in her home, 1912 Lynn avenue, with four members present.

The hostess served a dessert and coffee to Mesdames Betty Atkinson, Earl Wilson, Sharon Littlejohn and Sandy Harper. Mrs. Maxine Ellington will have the next meeting in her home 3139 Rodger avenue, on Aug. 14.

MILES ENTERTAIN OUT-OF-TOWN GUESTS
Mr. and Mrs. Earl Miles, 4265 East Lake drive, are entertaining as house guests, Miss Doris Dorsey and Jack Laskowski, a niece and nephew from Bloomington. They arrived late Tuesday evening and will stay for a week visiting other friends and relatives in the area.

Kiwanians Hear Talk On Legal Involvements
A talk on legal entanglements resulting from confusing wills and encroachment of buildings onto other properties, was presented by Eugene Frey, president of the Granite City Kiwanis Club, Monday evening at the club's regular dinner meeting at the Elks' lodge.

Frey cited many examples to illustrate his talk, and a question-answer period followed. "National Kiwanis 'Kids' Day" also was discussed. The "Kids' Day" is an annual event sponsored by Kiwanians throughout the nation. Local Kiwanis clubs raise money to treat area children to an outing.

In previous years, Granite City Kiwanians have sold peanuts on street corners to finance the event. However, no decision has been made for this year's fundraising. Funds derived from the local races sponsored jointly by the Kiwanis club and the Bow-Line boat club may be used to finance the event.

The outing, which is planned for September, probably will be at Scott Air Force Base, as in previous years. Air Force personnel annually cooperate with Kiwanians by conducting tours of the base and exhibiting displays for the children.

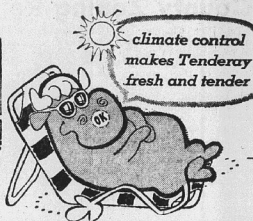

About 22 Kiwanians were present Tuesday evening.

GC Tax Collections

Top \$2,500,000 Mark
Latest Granite City tax payments totaled more than \$2,500,000. It was reported today by Collector Ernest "Pat" Rich, who said that the new payments carried the total collection figure over the \$2,500,000 mark. He added that more than \$2,500,000 of the total tax bill remains to be collected.

Collections will continue in Rich's office at city hall until Aug. 24.

a roll call vote. The only "no" vote was by Bergfeld.

Not present for the roll call were Alderman Betine, Casmer Skulish and Edmund Bartosik.

Partney called upon Alderman Thompson to search for the missing aldermen. They could not be found.

A motion was made and approved by the majority for Chief of Police Raymond Willard to locate them.

Thompson was unable to find the chief. However, Willard appeared a few minutes later and received his instructions. He left and returned to say the three council members were not in the building.

The remaining council members proceeded with the order of business.

Mayor Davis Returns
Precisely at 10 p.m., Mayor Davis re-entered the council room with an attorney—Felix L. Callie.

He informed City Clerk A. L. Stevens that "anything passed while I was gone is illegal." The missing council members began to re-appear.

As Partney relinquished the chair to Mayor Davis, he advised the mayor a motion was on the

floor, made by Thompson, requesting that Johnson road be declared an arterial street from Franklin avenue to Pontiac road.

Davis replied, "Everything is out of order."

He then proceeded to introduce Atty. Callie.

"There seems to be a question on the power and duties of the mayor and the aldermen. He will represent me in court. Then we'll know definitely," the mayor said.

The mayor's ruling was appealed by Thompson and Partney.

"We won't listen to your attorney," Whitmer told the mayor. "We went on with the order of business after you left the meeting."

Davis conferred with the attorney and then instructed the clerk to proceed with the roll call vote on Thompson's motion for Johnson road. It was approved unanimously by the 14 aldermen present.

Partney and Boyd called for adjournment.

The mayor recognized the motion.

Whitmer took the floor and criticized the mayor's ruling. "The city clerk should show the mayor took a powder," he remarked.

The mayor ruled "no debate" on a motion for adjournment.

The vote for adjournment was 11 to 3, with Skulish, Mrs. Betine and Bartosik voting "no."

Davis left the room, and the aldermen began filing out. Many were booed by persons in the audience.

Several citizens remarked they were amazed and dismayed by the turn of events.

Rundown Of Debate

The debate which led to the 30-minute (or 10-minute) recess was led off by Partney.

He questioned the mayor's authority in removing a committee chairman. "We should have an attorney here," he told Davis.

"I've conferred with an attorney on this and I'm within my authority," Davis replied.

Partney asserted that the mayor was not basing his action on qualifications but rather on personalities. He pointed out that Sternberg, a general contractor, was the most qualified person on the council for the Street committee chairmanship.

Sternberg added his protests, saying his removal was without cause. "You say I was uncooperative, yet you have never called upon me except at council sessions."

McGee added that to replace a qualified person was not in the best interest of the city.

"I'm not removing him from the committee. He will remain on it, and the committee efficiency should be the same."

"Disregard For People"
Thompson told the mayor, "You're using poor judgment. I believe you have after disregard for the people of Granite City."

Johnson asked, "How is he uncooperative?"

McGee, a former mayor, took the floor next.

"I question the right to remove a chairman without cause. The man is qualified. It looks like if you displace the mayor, he removes you as chairman."

I'm surprised to see Mrs. Betine sit there and see the chairman removed. She could displace the

mayor and also be removed."

Mrs. Betine said she thought she should keep out of the debate since she had been removed from three committees in the past by Mayor Davis.

"I've been in two terms," she said, "I've been disregarded, I've been shunted to the corner, neglected and abused. There has been collusion in the committee and collusion in the council."

A point of order was called by McGee.

The mayor instructed Mrs. Betine to proceed.

The alderman said the contract awarded for repair to the city sewer manhole had specifications written to favor one contractor over another.

Rutledge told her that he was sorry to bring it up, but that the mayor had informed several council members three months ago that he was not going to put the alderwoman on any committee.

This committee is vitally important to the people. It needs a qualified person as chairman. It will be the people a lot of money," Rutledge added.

"Leave Personalities Out"
Davis commented that he always thought personalities should be left outside the council door.

Whitmer added that he had had disagreements with Sternberg and probably would have more. "But he's doing a good job and is best qualified."

Then the recess.

The actions taken by the council during Mayor Davis absence included referral to the Street and Alley committee the one bid of \$4909 by Potter Electric Co., St. Louis, for installation of a warning system for 13 sanitary sewer lift stations.

Seek Engineer Report
Whitmer called for a report to be prepared by Mayor Davis on the amount of future motor fuel tax street project planning being done by the city engineer, since the change in engineers being contemplated next year. The motion was approved and the mayor is to be notified of the report.

Reports on activities of the inspection department pertaining to weed cutting and inspections of scales and gasoline pumps was requested, with the mayor to be notified of the report.

The motion by McGee for membership on the Street and Alley committee to be limited to Sternberg, Whitmer and Thompson was approved with Bergfeld declining to vote.

McGee pointed out the council was authorized by the Municipal Code to limit council membership, but had been neglecting to do so. He added that he had obtained the code only a few days earlier.

The disputed actions by the council as to including grants of \$35 expense money to two police officers to attend a meeting in St. Louis of the National Association of Coroners.

Johnson reported that delivery of the repaired fire truck, damaged early in the summer in an accident, should be delivered in three weeks.

McGee submitted the order from the state Sanitary Water Board, setting Dec. 1 as the deadline for the city to show proof of a bond issue for construction of a sewage treatment plant.

Talks with the Cement Finishers started at 10 a.m. in the SIBA office in Belleville and were scheduled for 1:30 p.m. with the Iron Workers at the Federal Mediation and Conciliation office in St. Louis.

A meeting between the SIBA negotiators and the Carpenters' Tri-County Council is set for 10 a.m. Monday at the conciliation office. The Carpenters' Madison county district council will be invited to the session.

The Madison county carpenters group is not now on strike, though its contract expired July 31. The carpenters here granted a 12-day contract extension to give negotiators more of a chance to reach an agreement by mid-night next Monday.

The unions are asking pay raises of 60 cents an hour over a three-year period while the contractors are offering 30 cents.

The Ironworkers began picketing against contractors at several construction projects in Madison county this week. One was at the new \$1 million Seitz Co. coffee plant in Granite City where pickets appeared Tuesday shortly after dedication ceremonies. About two weeks of work is required before the plant can produce.

Liaf, business agent, said the ironworkers have no dispute with the company, but they are striking contractors who built the plant. Howard Wellman, plant manager, said he doesn't know if operations will be delayed.

Other projects being picketed include new bridges over the Chain of Rocks canal and over the Mississippi river at Chain of Rocks, and at the new Illinois Power Co. plant at Wood River.

Harold Ganagh, SIBA executive director, estimated that \$150,000,000 of construction would be affected if the ironworkers expand picket lines to all projects in the union's 15 county jurisdiction.

field remarked that even though he was present, "I don't fit in with this group that has secret meetings."

"Those who met at Sternberg's office last week seem to want to run the city."

He was told by Rutledge that the meeting was not secret. "You got a lot of the names of those present — Partney, Rutledge, Whitmer, Johnson, McMorien, McGee and myself."

— It was called to the police desk so you would have them and we would have to check out the license plates you copied down."

Whitmer told Bergfeld that he had called the police desk to give the names. "It wasn't a secret; we weren't trying to hide."

Partney added that the group met to discuss the welfare of the city.

Mrs. Betine Undecided
Mrs. Betine told the Press-Tribune Tuesday that she had planned to turn down the chairmanship of the council, but was reconsidering by Mayor Davis, but the quick adjournment gave her no opportunity to decide.

"I'm undecided now," she added.

She pointed out that she long has been anti-Davis, but that she had to observe the authority of the presiding officer, order to preserve good government.

She said she was not only for Granite City but the entire United States.

Chamber Directors Urging
County Zoning Retention

Tri-County Chamber of Commerce directors were urged Tuesday night to talk to Quad-Cities area supervisors for retention of the county zoning ordinance.

E. G. Schmitt, chairman of the C. of C. planning and zoning committee, reported to the 23 directors meeting at the Rose Bowl restaurant, that the county board of supervisors is expected to vote Wednesday (Aug. 14) on a resolution calling for repeal of the zoning code.

He said that repeal of the county code "would be a serious blow to the forward progress of industrial development in the Quad-Cities area."

Schmitt said his committee was contacting members of the county board in an attempt to secure their cooperation to vote against repeal of the five-month-old county zoning ordinance.

The committee is to report its findings to the county board on Wednesday.

In other action Tuesday night, C. of C. directors named a new slate of judges in next month's election of new directors. The judges, appointed by Board President Chester L. Baker, are: Charles Reimers, chairman, Charles Gavin, Barry Loman, Frank Rea and Douglas Little.

No Branch Post Office
Harlan Dobry, chamber manager, reported that efforts to establish a central branch office of the Granite City post office had failed. The Chamber earlier asked the U. S. Post Office Department to establish a branch office to serve the downtown business district after the old post office on Niedringhaus avenue had been vacated.

Dobry said that Granite City Postmaster Theodore Overbeck told him the post office had no plans to put a branch in the business district, but added that a contract is to be notified of the request.

The board passed a resolution directing President Baker to determine if any further action could be taken.

Carl E. Mathias, chairman of the membership committee, announced that his committee will hold one-day membership drive Wednesday, Aug. 21.

G. W. Hoelscher, chairman of the sewage and drainage committee, informed the directors that shingles were torn off the south and west sides of a vacant house at 3037 Maryville road, it was reported yesterday to police neighbors. The house is being handled by the Francis Agency, police said.

Mato 'Mike' Sever, 75,
Retired Laborer, Dies

Mato (Mike) Sever, 75, a retired Army Depot laborer, died Tuesday at 1:20 p.m. at St. Mary's Hospital, East St. Louis. He had been in ill health two months and in the hospital eight hours.

Born in Yugoslavia, Mr. Sever had lived in the Quad-Cities for 33 years, the last 18 in Granite City. He was residing at 2701 Benton street.

Last employed at the Army depot for 10 years, Mr. Sever had worked previously at the area steel plants. He was a member of Sacred Heart Catholic Church and Lodge Rajski-Glas 253, S.N.P., a Slovak benefit organization.

Surviving Mr. Sever are his wife, Kate; a son, John Sever, Granite City; a brother, John Sever of Madison; a grandson, one grandchild.

Funeral arrangements are given in today's obituary column.

SUNBEAMS TAKE "TRAIN RIDE" TO PERU

The Peter Chen Primary Sunbeams met Tuesday afternoon at Second Baptist Church, with the Primary room depicting the scene of a train trip to Peru.

As the Sunbeams arrived each one drew a picture of objects seen on a train trip. A large train was drawn by Bradley Crown, and a mountain scene was drawn by Gary Lewis. These were pinned to a large curtain that served as the background. Seats were arranged as on a train, and each one was given a ticket for the "Peru Express" by the "ticket agent," Johnny Snider. As each one was seated on the train, the "conductor," Gary Lewis, punched the tickets.

Mrs. Betty Lewis and Mrs. Beverly Crown told the story of a Peruvian boy named Carlos and his family and related the customs of Indians living in Peru. Before the group left the train, the hostess, Denise Whitson, served refreshments.

The group sang some songs and was told of Sunbeam Focus Week, which will be observed next week. On Sunday all the Sunbeams of the church will be recognized during the Worship Service. On Wednesday evening the Sunbeams and leaders will present a short devotion during the prayer meeting hour, and on Thursday evening from 7:00-8:30 there will be a Sunbeam parent meeting at the church. All Sunbeams and their parents are invited.

The boys and girls have been working on a special program for this evening. The Sunbeams were reminded of Christmas in August. Gifts for the missionaries are to be turned in by next week. These gifts are saved by the missionaries and are given out at Christmas time. Those present Tuesday were Bradley and Phillip Fitzhugh, Debbie Davis, Johnny Snider, Debbie and Julie Whitson, Glenn Olive, Allen Newberry, Bradley Crown, Gary and Gail Lewis, visitors Sharon and Mike Justice, Kevin, Bruce and Cathy Crown.

Madison police were called to the scene by Charles. According to police, Hester had been lying for several hours. There was a small cut on his chin.

At about 4 a.m. Tuesday morning, Hester had delivered menus to the restaurant to be used the next day, according to the brother, Charles. Charles said he and two friends, Fritz Kufelka, 2549 East 27th street, Granite City, and William Harper, 2722 Nameoki road, Granite City, decided to investigate when Max failed to report to the restaurant for work that evening.

Inquest To Be Conducted
An inquest by Deputy Coroner Francis Lohay is pending.

Born in Dover, Tenn., Mr. Hester had moved to Granite City in 1941 with the rest of his family at the age of nine. He lived here until enlisting in the U.S. Navy in 1951. After a 10-year term of service in the navy, during which he attained the rank of chief petty officer, he returned to the Quad-Cities and lived in Madison since March of 1961.

For the past year and a half, Mr. Hester had been employed by his brother. He was a member of the Masonic Lodge and the Loyal Order of Moose, Lodge 272.

In addition to his brother, Mr. Hester is survived by his mother, Mrs. Gladys Gregory of Madison; his father, Arthur Hester of Tusculum, Mo.; another brother, Lynn Russell Hester of Granite City; and two sisters, Mrs. Robert (Betty Lou) Carbaugh, Granite City, and Miss Sandra Gregory of Madison.

Funeral arrangements are in today's obituary column.

Trades Council

Locals To Study CORE Request

The executive board of the Tri-City Trades and Labor Council, meeting last night at the Labor Temple prior to a regular council session, discussed union training program practices with Rev. Oscar Eldridge, area representative of the Congress on Racial Equality.

Eldridge suggested apprentice training programs for Negroes. He was told the council was unable to set such policies for its member locals, but that representatives of each local would be requested to submit the proposal to the individual unions.

Council President Edwin Reiske said the council later authorized the recommendation of the executive board and instructed that letters be written to locals that had no representatives at the council session. There were 47 delegates present.

Rev. Eldridge asked that unions institute apprentice training programs, but executive board members said they were unable to dictate policy to the locals and that many locals were faced with unemployment for journey-men. It was pointed out that Trades Council unions at local industries have high percentages of Negro members.

Also in attendance at the executive board meeting were two representatives of the Tri-Cities Ministerial Association—Rev. Paul Evans and Rev. Alfred Bula. They are to report to the Association. Reiske said he expects the locals to report on the request at the Aug. 21 Trades Council meeting.

Officer Installation
At the start of the meeting newly-elected Trades Council officers were installed by Mrs. Mary Mortenson, honorary member of the board.

Installed were—President, Edwin Reiske of Machinists Local 572; vice-president, Edison Phelps, Chemical Workers Local 63; recording secretary, Mrs. Hilda Buzan, Cooks & Waitresses Local 451; financial secretary, Fred Piebanek, Steelworkers 1023; treasurer, Ted Morvan, Steelworkers 68; sentinel, Lenzie Crockett, Steelworkers 1785; guard, Albert Wilson, Painters Local 120; and trustees, Ed Vaughn, Carpenters Local 63; Ernest Corbin, Electricians Local 309; Tom Nesbit, Cement Finishers Local 90; John Blina, Ironworkers Local 392 and Robert McCormick, State, County and Municipal Workers Local 759.

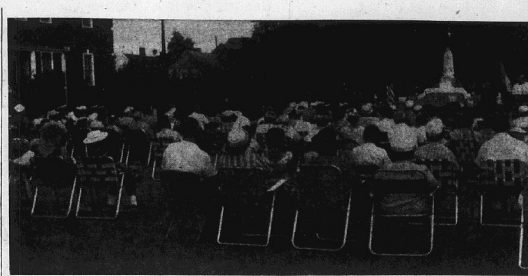

CHALLENGERS MEET
The Challengers class of west 25th street and Dewey Avenue Pentecostal Church met at the home of Miss Lucille Anglin, 2019 Illinois avenue this week.

Games were played and prizes were awarded to Debbie Travis, Vickie Smith and Janet Dooley. Refreshments were served to the above and Donna Dickerson, Linda Branch and Doretta Dooley.

The Vivian Wilson and Frances Diaz Junior G.A.S. met at Second Baptist Church on Monday afternoon. The meeting opened with prayer by Diane Cook. The group sang songs and closed with prayer by Diane Olive. Those attending were Patricia Davis, Diane Olive, Kathy Farley, Debra Wilson, Connie Wiggers, Connie Rose, Kevin Duncan, Brenda Mitchell, Mrs. Cook and Mrs. Wigger.

Fred Bilyeu, president of the Land of Lincoln Coin Club, announced today that a meeting of the group will be held Sunday at 2 p.m. in the YMCA. All members are urged to attend.

Mr. and Mrs. Bob Lewis and family of Bryan avenue, and Bertis Storey Jr. of Carmi, have returned home from a week's vacation and camping trip in Missouri. The family went to Carmi to return Bertis Storey to the Baptist Children's Home there. He had been on a three-week vacation with the Lewis family. Also taking the trip to the Children's Home were Ken Hart and Donald Mayberry of Granite City. While there the

OUR LADY OF FATIMA NOVENA conducted each year at the outdoor shrine at St. Mark's Church in Venice which opened yesterday evening. Rev. John Franklin, principal speaker for the novena which will continue for nine days, delivers the sermon to the crowd. The novena, being conducted on nine consecutive evenings, will close with an evening Mass at 7:30 p.m. next Thursday, a church holiday.

Bi-State Transit Committee To Set Meeting On Fares

A meeting of the transit committee of the Bi-State Development Agency will be called to review proposed bus fares to take effect on Oct. 1, it was announced today by Commissioner M. Ross of Belleville, a member of the committee.

Bi-State plans to set a flat 10-cent base fare on most of its transit lines, leading to strong objections by Belleville interests where the fare between points in Belleville is 15 cents.

Fares for short runs in the Tri-Cities, including the East Granite line, also is 15 cents, and Ross today said he does not intend to raise that which will be raised, cut-rate multi-ride ticket books would be available for regular riders.

The chairman of the transit committee currently is in a hospital, Ross said, and he does not want to set a date for the meeting before conferring with the chairman.

"We are well aware there is some dissatisfaction," Ross added, "so we will review the matter. . . . Desires what anybody may say, the commission is not an arbitrary agency. Our agency is not a dictatorship. We can be talked to."

"If there are any inequities which should not exist, they will be corrected," the commissioner said. "We're here to serve the public. We will try to remedy the situation rather than make it worse."

over Fourth street and Broadway in Venice and Madison ave-

nue in Madison.

In Granite City, Route 3 will proceed north on Madison avenue from 14th to 20th street. There it will go west over 20th street and Missouri avenue to the present Route 67a.

Eliminated as state highways in Granite City will be the section of Madison avenue from 20th street between Madison avenue and Edwardsville road.

The city will lose little state

maintenance money for the streets. For all state routes in the city, an amount of \$1000 to \$1500 is allocated for a year for sweeping, snow removal and maintenance. The state will continue to paint traffic lane stripes along Madison avenue if the city provides the paint, it was reported at yesterday's meeting.

Opinions Sought
The Chamber of Commerce committee members are to dis-

cuss the changes with Quad-City businessmen for suggestions or complaints and refer the comments to the state highway traffic engineers.
Chamber of Commerce committee members present were Chairman E. E. Holtz, W. F. Hoelscher of Granite City Steel Co.; Edward N. Juneau of Sheppard, Morgan & Schwab, engineers; C. W. Lester of Illinois Terminal Railroad; Commander

John Barron of the Tri-City Regional Port Authority; Jack Yeager of A. O. Smith, Corp.
Also present were C. of C. President Chester L. Baker, Executive Secretary Harlan Dobry; Elmer Belew, assistant director of the Bi-State Development Agency, and Granite City Army Depot representatives, Major Robert H. Dunn and Engineer Jack Tolliver.

ment was a threat to Negroes if they attempted to enroll in the all-white high school.

Salem denied Eldridge's charge and said that "the problem is more economic than racial."

"It would not be economically possible," Salem told Eldridge, "for the school district to operate a Lincoln high school with an enrollment of less than 75 students. There are 12 teachers and three custodians at Lincoln and if there were to be a sharp drop in enrollment there would not be able to keep them on the payroll," the president added.

May Seek Legal Action

Before leaving the meeting, the CORE representative told the board that all Negro students who live near Venice high school have the right under federal law to attend the school and that he "will seek legal action to prevent the school from further inflicting upon this right by turning Negro children away from the white high school."

On the question of the integration of Venice grade schools, Salem said no action was taken on it because it was not part of an earlier integration demand made by Rev. Eldridge and CORE.

"We will cross the grade school integration bridge when we come to it," said Salem. "As far as the board is concerned," he added, "we have not as yet reached that point."

The board also approved a request by Supt. Pier to transfer \$5000 from the Venice school fund to the educational fund so that he can meet the August payrolls.

The Thomas F. Tadd Contracting Co. of Edwardsville was awarded a contract to install a new mineral block acoustic ceiling in one of the grade school rooms. The ceiling had been damaged by water seepage and was considered a hazard. The Tadd Co. submitted the lowest of two bids for the contract with a figure of \$565.

Supt. Pier announced that the school district recently hired a hand instructor had resigned and the job was still open. The superintendent said that the instructor gave personal problems in his class, Mr. home as the reason for the resignation.

County Housing Authority Pays \$30,241, Lieu Of Taxes

A check totaling \$30,241 has been presented to County Treasurer George Musso this week by the Madison County Housing Authority for payments in lieu of taxes for 1962.

Dale F. Brane, executive director, whose office is at Market and Washington streets, Madison, said the payments in lieu of taxes are made in accordance with the terms of co-operation agreements between Madison county cities and the authority for the low-income housing projects, which are not taxed.

The money is to be prorated to all taxing bodies in the areas.

Venice township tax collections ended locally Monday, according to Collector Frank Rothberger, who said today that the official total collection figure will be announced Monday, Aug. 12.

Venice residents who failed to pay their taxes locally will have until Sept. 1 to make their payments at the county treasurer's office in Edwardsville.

Boy House Burglar Tells Police Of Life Of Crime

A 12-year-old Madison boy was arrested Tuesday evening by Madison police for burglaries at three Madison homes during the past weekend. He revealed a sordid tale of a life of crime.

He admitted the burglaries and also admitted participating in the parking of three parked cars in Madison during the past month and to petty larceny and shoplifting in Granite City. He indicated three other Madison boys, two of whom are 13 years old and one is nine, in the crimes but said he was alone on the house burglaries.

Homes burglarized were those of Mr. and Mrs. Peter Taras, 816 Iowa street; Mr. and Mrs. Michael Harris, 709 Iowa street; and Mr. and Mrs. John Misturak, 1017 Washington avenue. At the Taras home early Saturday he took \$4 in a wallet from trousers on a chair after poking a hole in the screen door and unlatching it.

Early Sunday he took an undetermined amount of money from a purse at the Harris residence, including \$20 bills, and then went to the Misturak home where he took a \$10 bill from a wallet in a pair of trousers.

He told the police the door was not locked at the Harris home, and at the Misturak home, he used the screen on the side door and unlatched it. Occupants of the homes were sleeping at the time of the burglaries. He said he left his home while his mother, who works from 6 a.m. to 3 p.m., was asleep.

He spent yesterday taking Madison police to the houses where he described his actions.

Thefts From Cars

The boy admitted his role in stealing a white purse from a car parked on 18th street between Iowa street and Washington avenue early in July, and another purse from a car parked at the Polish hall on Greenwood street in the middle of June, and said he was present when a car parked at 12th and Iowa streets about a month ago.

While making statements the boy reviewed some of his past actions. Last Jan. 4 he said he stayed after school at Louis Baer school studying his lessons until evening. He was alone and then stole some milk and candy from the lunch room and then snatched papers around a classroom. He said he was mad at his teacher for spanking him that day.

Window-Peeping

While enroute to the burglarized homes yesterday, the boy

showed police four yards which he had trespassed last Thursday night. At one, he peeked in a window where a girl was undressing and he ran away when she screamed.

At another he said he tried to look into a window and pointed to a garage he tried to enter a week or two earlier. In another he said he entered a new, unoccupied house and when someone across the street yelled. And in the other, he took green apples from a tree in the back yard.

About two or three weeks ago he said he made several vulgar telephone calls.

The boy and his three companions were being questioned by Granite City police on the shoplifting and peeping cases at Granite City.

Local And Highway Crashes Injure 10 This Week

Injuries were suffered by 10 persons in seven of 15 traffic accidents reported in and near the county since Monday.

Two persons were injured when the driver of a car lost control, struck the rear of another, and ran off the road, colliding at 8:35 p.m. yesterday on Highway 111 about three-tenths of a mile south of Interstate 270.

Admitted to St. Elizabeth Hospital were Alvin C. Peques, 27, of Collinsville, and his wife, Mrs. Mary Jean Peques, 22, Occident, of the other car driven by John Wells, 73, of 732 Chain of Rocks road, were not injured.

Peques complained of pain in his ribs and abdomen. X-rays were taken. He was reported to be in good condition today. Mrs. Peques suffered a cut on her forehead and had pains in the left shoulder, chest, spine and skull. X-rays were made. Her condition was reported as fair.

A Granite City woman, Sandra Laver, 24, 2441 Roberts street, was injured Tuesday at 3:30 p.m. when the car which she was driving was involved in a car-truck collision on alternate road at Frontage road, just across the county line in St. Clair county.

According to state troopers, a pickup truck driven by Edward O. Matthews, 60, East St. Louis, was making a left turn from Highway 674 onto Frontage road when the Laver auto collided with the left side of the truck.

Passengers in the truck were Earl Baker, 12, John Fore, 14, and Keith Matthews, 16, all of East St. Louis. The Granite City woman was taken to St. Mary's Hospital, East St. Louis.

Drivers of two automobiles were injured in an accident at 4:30 p.m. Tuesday at Myrtle and St. Clair avenues. They are Robert W. Knob, 38, of 3010 Myrtle avenue, who was admitted to St. Elizabeth Hospital, and Glenn E. Edelman, 34, of 2224 St. Clair avenue, who was x-rayed, treated and released. Knob had injuries to the right forearm and arm and abrasions over the lower back.

Knob, who was charged with running a stop sign, told Granite City police his brakes filled, causing him to strike the other car.

Two persons were hurt, neither seriously, as cars driven by Patrick P. Cline, 23, of 3005 Kirkpatrick Homes, and Michael J. Schuler, 22, of 2596 Waterman avenue, collided at 4:30 p.m. Tuesday at 17th street and Grand avenue.

Cline and a passenger, Donald Hasty, six-year-old son of Mr. and Mrs. Jasper Hasty, Rural Route One, had been pushed to their left shoulders. They received x-rays at St. Elizabeth Hospital and were released.

Motorist Hurt
Auto driven by Donald E. Bellman, 16, of 2827 Cayuga street, and Rosemary H. Logue, 29, of 2535 O'Hare avenue, were involved in an accident at 12:30 p.m. Tuesday at St. Clair avenue and Nanticoke road. Mrs. Logue complained of pains but there was no record of treatment at St. Elizabeth Hospital.

Bellman told police he did not see the other car, which was stopped on Nanticoke road to make a left turn. He was charged with following too closely.

Hurt In Parking Lot
Mrs. Ann Jolly, 59, of 2564 Center street, a passenger in a car driven by Ed Blige, of the same address was injured when it was struck by the auto of Louis G. Smith, 29, of 2204 Cardinal avenue, as Smith was backing from a parking space at the Burger Chef parking lot at 3:15 p.m. Tuesday at 57th street and Madison avenue.

She complained of pains in the lower back, was x-rayed at St. Elizabeth Hospital and released. The left rear of the Smith car and the right center of the Blige car were damaged.

Driver Injured
One person was reportedly injured in a collision of autos of George Goehfert, 56, of 714 Washington avenue, Madison, and William J. Brannan, 32, of 2102 Nevada avenue, at 7:30 p.m. Monday at 30th street and Madison avenue. A police report showed that Brannan was injured but there was no record of treatment at St. Elizabeth Hospital.

MONDAY, AUG. 8, 1938

Les H. Forman, former publisher of the Granite City Tribune, on Friday was appointed by Gov. Lloyd C. Stark as his executive secretary. The post pays \$2800 a year.

Forman, who played an active part in the successful campaign to win the Democratic Supreme Court nomination for Governor James M. Douglas, took over the office at once. It had been vacant for several months.

Prior to the appointment, Forman was in charge of publicity for the St. Louis Chamber of Commerce.

Before the largest crowd of the season Saturday at Wilson Park, the R. C. Colas, white-haired Swift and Co. 24 behind the best-pitching of Sam Whitmer. Jim Falk twirled for Swits and permitted but four hits of his delivery.

Miss Kathryn Phelan of Los Angeles, Calif., a former Madison resident who is visiting at the home of Mr. and Mrs. James Hayes, 2324 Fourth street, Madison, was honor guest at a bridge party given Thursday evening by Miss Marian Harlan on Fourth street.

There were two tables at the party. The line of the party was headed by Mrs. J. W. Wedder, Mrs. Mildred Miller, Mrs. Mary Leiby, Miss Irene Hayes, Mrs. Norma McChesney, Mrs. Janet Stalkoff, Mrs. Laura Uffers, Miss Kathryn Phelan and Miss Marian Harlan.

So successful was the children's ice cream eating contest last week that the Massey Dairy announced a similar contest for children to be held Wednesday, Aug. 17, on the lawn of the dairy.

Richard J. Lyons, Republican candidate for U. S. senator, will speak at a Republican mass meeting at the Labor Temple tomorrow night. His subject will be "Labor's Relation to Government."

Mrs. E. Campbell and daughter, Mrs. Margaret Edwards, departed by motor this morning for Colorado Springs, Colo., where they will spend a month or six weeks. Campbell will remain at home and will be home on Monday. Mr. Clay Stark, for company.

The Women's Missionary Society of the First Christian Church was entertained in the home of Mrs. A. W. Hascott, 2400 Benton avenue, last Thursday.

The opening prayer was offered by Mrs. A. B. Gobie, and Mrs. Gregory Vail presided. Plans were made by the society for the annual picnic program to be held in November, and also to defray the expenses of a Cuban child in school this winter.

Reports of the various officers were given, and Mrs. E. A. McFarland was lesson leader. The program consisted of a round-robin, a dramatic presentation, and a paper was given by Mrs. A. M. Jacob on "Christ at the Center of the World." The members responded to roll call, and guests were Mrs. Pratt and Mrs. Laughlin.

Election Would Not Prove Levee Bond Requirement Is Improper

We do not profess to have the same approach to public matters as do Levee Board politicians. But it is still hard for us to comprehend the reasoning behind Board President Tolar's plan to conduct a public issue election that he freely predicts will be defeated. His thought is that this would "prove" to Illinois voters that they should restore the district's authority to spend without regard to the public's wishes.

If a hillside drainage plan is put to a vote and fails, it will only prove that taxpayers do not want to foot the bill for the program as specifically drawn up and administered by the Levee Board.

Hoover Outlines Civil Rights Responsibilities of Police

Responsibilities of law enforcement are outlined in an article by FBI Director John Edgar Hoover being received this week by police departments all over the country.

Hoover is stressing that law enforcement officers are directly concerned with racial and religious intolerance. "Of these duties, none are more vital than those pertaining to civil rights," he says.

"Amid waves of protests and demonstrations arising out across the land on civil rights issues, law enforcement's role is crucial. Its duty here is in all matters is the preservation of peace, prevention of crime and protection of life and property."

"This must be performed with impartiality and according to the law of the land."

Understandably, law enforcement's actions in such instances are closely scrutinized. Its work must be exemplary and in keeping with the highest traditions of the profession.

Armed with the knowledge of the basic rights and liberties he shares with others, the law enforcement officer must accept his responsibilities resolutely and fairly and with unflinching adherence to integrity."

The FBI director pointed out this agency is charged by Congress with the responsibility of investigating violations of civil rights.

"Our obligation is to ascertain and to prevent the facts fairly and to do this with the same impartiality and thoroughness which characterize all our operations. Responsible police officials would not leave it otherwise."

"There is no place in law enforcement for those who violate civil rights or those who condone such tactics. This is a grave abuse of power and public trust. It is to the credit of progressive police administrators that bullying, mistreatment, illegal arrests and detentions are no longer tolerated."

In closing, Hoover said, "There is a pressing need for community understanding, law enforcement's role in the realization that adequate salaries, training, equipment and respect for the profession are essential to the protection of civil liberties."

"It is a civic as well as a moral responsibility."

"Civil rights violations by law enforcement officers are a stain on the prestige of the law, and stem from either intent, but rather from officers improperly trained and untutored in the ethics of the profession."

Gymnasium Floor Replacement Could Be A Needless Expense

Proposed replacement of the Granite City high school gymnasium floor could prove to be an expensive and needless step. All agree that it is in good condition, and there are differences of opinion over the reported insufficient resiliency.

The replacement cost of \$7592 to \$12,691 is large enough that a thorough study should be made before any decision is reached to replace the eight-year-old end-grain pine block floor with maple boards or other flooring. The study should be made from the manufacturer of the original floor and reports on the experience at the many other schools having a similar installation.

No one wants to have athletes injured as a result of the degree of hardness of the gymnasium floor, but there have been conflicting reports on the injury rate, indicating that this is another element in which conclusions should await factual information.

Replace the floor if all facts point to it and if the district can afford it—but not until all reasonable doubt about the move has been resolved. Objections from an out-of-town coach whose team happened to lose here would not seem to provide a sufficient basis for such a costly project.

Fair Will Place Spotlight On Illinois Traditions, Products

Each of us is sure we know about everything there is to know about our home state. But an excellent opportunity to become even more familiar with Illinois traditions and products is afforded by the annual state fair scheduled for today through Sunday, Aug. 18.

Attractions for the estimated 11-day turnout of 850,000 to 1,000,000 at the Springfield fairgrounds will include a free-of-charge junior parachute jump for youngsters, dedication of a new junior livestock building, skydiving by an Army parachute team, the famed "hill hopper" flying device for foot soldiers, a complete miniature circus, the largest U. S. display of farm machinery, auto and motorcycle races, harness racing, variety entertainers, square dancing exhibitions, an ice show, livestock competition and even a giant, living one-and-a-half-ton cow eight feet tall and 12 feet long with an 11-foot girth.

A typical Russian house—a three-room 16x24-foot frame structure complete with coal or wood burning stove, one door and two windows—will be available for rent. It could be built in Illinois for \$4500, but costs \$22,000 at the Soviet rate of exchange or \$8400 at the free-market rate, which does not speak well for the Russian economy or Soviet productivity, "spunkiness" notwithstanding.

And the fair will offer its version of "gaslight square," with buggies, carriages and an old-fashioned western barbecue.

Last but not least will be the most time-tested of all the state fair features—genuine and would-be public officials eagerly greeting their constituents with an eye on the next election date. But if you try hard, you may be able to avoid them.

Should Taverns In Rural Area Be Above The Law

The suit filed by taverns to halt enforcement of the Madison county closing law and the ban on sales to minors is a testimonial to the effectiveness of deputies' recent surveillance of liquor licenses in the township.

It is interesting to note that one of the establishments seeking to end enforcement of some of the laws relating to its operation is located on Bypass 66 west of Mitchell. It was in this neighborhood that taverns found that a man tending bar at 2:20 a.m. July 5 was Andy Raffo, a state liquor inspector. Several customers signed statements saying they had purchased drinks after 2 a.m., but the hearing has not yet been held due to attorney's vacations. And word of the incident apparently has not filtered up to state liquor authorities.

Should rural area taverns be above the law, merely because enforcement has been lax in past years? They could have a difficult time substantiating such a stand in court.

August—A Historic Month Ever Since 1492

August has arrived, bringing with it many historic dates and also the last few weeks of summer vacation for students scheduled to return to school or college.

One of the most significant August dates was Aug. 14, 1495, when the Japanese surrendered to the Allies, ending World War II. It was on Aug. 11, 1939, that President Roosevelt had appealed to Hitler to examine every possibility of averting what might prevent the outbreak of general war; 11 days later, Hitler went to war with Poland.

The American "Constitution" won its famous victory over the British "Magna Carta" on Aug. 19, 1812. The British had held the U. S. Navy in contempt until that time, and the success of the "Constitution" came as something of a triumph for them, meanwhile boosting the morale of U. S. seamen.

On Aug. 3, 1492, Columbus sailed from Palos, Spain, pledging "to sail until I reach the Indies." Had it not been for this date, we might not now be recalling the historical events occurring during August of the ensuing years.

POYRHEA DEMANDS

Statistics show that one out of every five Americans has lost all his teeth by the time he reaches the age of 40.

At age 60, the figure is two out of five, and at 70, three out of four Americans have lost their teeth.

Most common cause of loss of teeth is periodontal disease of the gums. It is commonly called Poyrhea. It is a disorder—not of the teeth, but of the soft tissue of the gums and bone which support the teeth.

Since its early recognition and prompt treatment offer the only hope for the preservation of the patient's teeth, it is important that every man, woman and child should know its symptoms.

Redness, Bleeding

The earliest signs of poyrhea may be redness of the gums and bleeding when brushing. The gums become impacted between the teeth as the gums recede. The teeth may also show slight bleeding while brushing.

The underlying bone structure of the teeth is thin and weak, and the teeth begin to loosen. Unless treated early, the teeth will probably lose every tooth in the mouth.

Since it is easier to prevent poyrhea than to cure it, learn the causes of it and guard against them.

Eight-Night Stand

'Abe Lincoln In Illinois' Is Set For 18th Season

Robert E. Sherwood's play "Abe Lincoln in Illinois" will be given its 18th annual showing on eight nights last month at New Salem state park.

The play is produced by the Abe Lincoln Players, Inc., a not-for-profit corporation, with actors and actresses from the area and from other parts of the state. It will be presented Aug. 22-25 and repeated Aug. 29-Sept. 1.

Site of each performance is the "Abe Lincoln Theater" in the state park near Springfield.

Admission prices are \$1.50 for adults and 50 cents for children.

except on Thursday and Friday nights, when children under 12 are admitted free of charge.

The members of the original cast have never missed a performance of the play (109 performances) and have been given the honor of playing the role of Abraham Lincoln.

They are G. William Horsey, who plays Lincoln; Norman Baldwin, who plays Stephen A. Douglas; Carl Richardson, who plays William H. Edwards; and John Edwards, who plays the role of the great emancipator.

Additional information concerning "Abe Lincoln in Illinois" may be obtained by writing the Abe Lincoln Players, 361 East Adams street, Springfield.

COVERAGE OF TEACHER—UNIVERSITY PRAISED

To the Editor:

When considering studying data showing coverage given by the Illinois press to information about Illinois State Normal University and material furnished by the University in some way, we found the highest percent from the standpoint of insertions used between July 1, 1962, and July 1, 1963.

The type of coverage given teacher education appears very important to us, since our university is supported from tax funds to prepare teachers for all Illinois children. This use of information therefore is extremely valuable to the people of the state.

This distinguished service to education we express our sincere appreciation and, at the same time, look forward to continuing on your excellent service in the future.

FRIDUICE USED AS COLD WAR AMMUNITION

To the Editor:

I am a native Quad-Citizen, born in Granite City and reared in Madison. At present I am living in Germany with my husband, who is stationed here with the U. S. Army, and our infant son.

We Americans in Europe are informed of the happenings in the United States via the Forces Radio Network and our daily and weekly military newspapers. During the past few months, the bulk of the news has concerned racial discrimination in America.

I am a white American and I am very proud to be a white American, but I believe that I am very yellow, red or black. I would be just as proud. The color of a person's skin does not

make him any more or less a human being.

Imagine what it must be like to belong to a minority race, to be ridiculed, hated, spit upon and turned down by those who are supposed to be our countrymen.

When I was in school, I studied the Negro figure for years, where does it state that the freedoms promised were promised for only the white man? It is written for every man who lives within its boundaries.

Do we ever stop to think that Negro as well as white blood was shed so that we could continue to enjoy these rights?

Any man wearing the uniform of the U. S. Army has pledged to defend America and all its inhabitants, regardless of race or color, against all enemies, even if it means dying in the process.

What if the Negro figure for Freedom for his children and his grandchildren, the right to live as he sees fit in life and for the future?

It should be impossible for any true American to be satisfied with the racial conditions of America today. It is a fact that the race conflict in America is a great evil, and it is written for every man who lives within its boundaries.

No one loves America any more than I do, and I have been here for nearly 10 years. But when my German neighbors ask me why the violence and bloodshed in America, I tell them it is because of the color of a man's skin. I find myself unable to explain it.

Chain Of Rocks Canal Locks Busy In July

Freight passing through the Chain of Rocks canal locks, 14 showed a slight drop in July from the previous month but July for the year remained above that for the first seven months of 1962.

The amount of freight for the month of July was 29,124 tons, all commercial, down 4,941 tons from the June total of 2,952,403. It topped the July 1962 total of 2,939,885 tons.

The total for the year is 17,010,632, or more than a million tons over the 16,000,198 figure for the same period last year.

The commodities were transported on 4834 vessels requiring 102,103 locks, an increase of 109 over the June mark. So far this year 25,338 vessels have moved through the locks, compared to 25,085 last year, requiring 491,463 lockages, a decrease from 527,914 last year.

The total freight passing through the locks in July was 101,610; chemicals, 67,510 and 23,700; totals, 1,258,060 and 1,653,374.

Venice Township Relief Up Slightly

A slight increase in relief cases in Venice township during July was reported at the township office this week.

The month's 78 cases involved 103 persons and costs of \$3714.

These figures compare to 74 cases, also with 103 persons, and costs of \$3339 during June. The increase in cost was due to a nurse hospital bill. In July 1962 the totals were 94 cases with 236 persons and costs of \$5564.

GC Rotarians Hear Talk On Alcoholism

A talk entitled "Alcoholism Anonymous" was presented to the Granite City Rotary club at its meeting Tuesday.

Joseph Haemy, a member of the Alcoholics Anonymous for 17 years and presently publisher of the "Horse Valley News," a monthly publication for alcoholics, was the speaker.

Alcoholics Anonymous, said Haemy, is an association of persons who need or have received help to cure the disease of alcoholism. He explained that the society, which has approximately 6000 members in the St. Louis area, is designed to help cure alcoholics and to return them to society as normal individuals.

The society uses a 12-step treatment course, and after an alcoholic has completed this course he is considered cured.

Alcoholics Anonymous, which is supported only by members' contributions, helps only those alcoholics who come to the society for help. And they must be helped before they can receive the society's assistance, he said.

Record One-Week Tally Of 102,275 Bridge Crossings

McKinley Bridge traffic set a new one-week record July 15-21 of 102,275 crossings. Previous high of 99,322 was set Aug. 22-28, 1962.

With 84,804 crossings in the first week, 95,338 in the second week, 104,144 in the third week, and 48,995 during the last three days, July totaled 422,956. This topped the previous July's 416,339 but is short of the record of 426,964 set last August. It is below the 438,623 count last October and the 424,753 tally in May 1963.

July bridge traffic during the past month was 13,643, a slight drop from the 13,657 figure in June, 12,519 in May and 13,960 in April.

For the fiscal year of October through September 1963, the number of vehicles during the first ten months has reached 4,653,287.

Boy's Bicycle Found

A boy's bicycle found abandoned on Edwardsville road was claimed by its owner, Russell Richardson, 265 Missouri avenue, Monday afternoon at the Granite City police station.

Michael Townzen, 5844 Lake drive, left recently for Urbana where he will serve as a radio operator with the state police of District 10.

Whitfield Completes Radioactivity Course

Twenty-one students from seven midwestern states have completed the Bemidji, Minn., State College summer institute in radioactivity and radioisotope techniques in chemistry and physics for high school teachers of those subjects. Dr. William G. Britton, director of the institute, has announced.

Among them was Willis M. Whitfield, Granite City high school physics and mathematics instructor. He resides at Rural Route Two, East Alton.

The participants received information on radioactivity and use of radioisotopes as well as radiation detection and monitoring in civil defense. The group also developed specific experiments suitable for high school laboratory work.

Laboratory work at the institute included operation of Geiger and scintillation counters plus a scintillation electroscope. Special experiments in autoradiography, isotope-dilution techniques and tracer techniques were performed. The group also plotted fallout patterns and worked on other aspects of civil defense work.

In addition to the nine quarter hours of graduate credit received for the course, each participant received a kit of instructions

Book Reading Suggested For Dog Days Of Summer To Install Seat Belts For Public

Want to "stretch" your mind during the dog-days of summer? Southern Illinois University has prepared a list of books which it is recommending to incoming freshmen to help them adjust to the intellectual demands of the university curriculum.

The "thinking adult" who has not yet read them also could find them a broadening experience, according to Elizabeth C. Stone, assistant director of the SIU Happy Life.

Miss Stone has sent the book list to 85 public libraries in southern Illinois, inviting their cooperation in urging prospective freshmen to read as many as possible. Most are available at local public libraries.

"No book is an absolute must, but all are worthwhile," she said. "No student can expect to do well in college if he doesn't like to read. All these books are intended to stimulate individual curiosity and intellectual development."

Book List

The list follows: Robert Frost, "The Clearing"; William Golding, "The Lord of the Flies"; John F. Kennedy, "Profiles in Courage"; Joseph Wood Krutch, "The Great Chain of Life"; Harman Lee, "To Kill a Mockingbird"; John Stuart Mills, "Essays"; John Henry Newman, "The Idea of a University"; Plato, "Dialogues"; Reynolds Price, "A Long and Happy Life"; J. D. Salinger, "The Catcher in the Rye"; John Steinbeck, "The Grapes of Wrath"; Henry David Thoreau, "Walden"; James Thurber, "My Life and Hard Times"; Thorstein Veblen, "Theory of the Leisure Class"; Theodore White, "The Making of a President"; W. H. Whitehead, "The Aims of Education"; Walt Whitman, "Leaves of Grass"; W. H. Whyte Jr., "The Organization Man"; J. P. Sartre, "Existentialism is a Humanism"; C. S. Lewis, "The Screwtape Letters"; Thomas Wolfe, "Look Homeward, Angel."

Plans to install belts in automobiles of Quad-City motorists were initiated by the Granite City Roca Club as a community safety program at a meeting Monday night.

The belts will cost \$7.50. Dates for the program will be announced after the belts are ordered. Plans also were made to sell coffee, cupcakes and ice cream at the Roca concession stand at the first annual Granite City Junior Chamber of Commerce.

It was announced that the club has installed three welcome signs on highways on the outskirts of the city. An orchestra dance was planned for Tuesday at the Moose hall.

The meeting was held at the home of Tom Mofsky, 3135 College Avenue, and was conducted by John Love, internal vice-president.

PLAY ACTING is one of the activities of the Girl Scouts attending day camp at Camp Lakota near Glen Carbon this summer. A patrol here enacts a skit to the delight of the other girls. The scouts travel by buses each day.

DONALD THEBES, 3516 Nameki road, a Granite City high school student who attended a week-long art school last week at Allerton House, University of Illinois conference center on a room-and-board scholarship granted by the Illinois State Federation of Women's Clubs. Three week-long sessions are being sponsored by the federation and the U. of I. division of university extension.

Future Teachers To Be Honored At Ceremony Tonight

Twenty-six Quad-City high school graduates will receive scholarships at the 10th annual Madison county teacher education scholarship awards ceremony at 8 p.m. today at the Gilson Brown school, Goltzoy.

Principal speaker will be George T. Wilkins, former state superintendent of public instruction and current associate professor of education at Southern Illinois University. His topic will be "So You Are Going To Be A Teacher."

Wilbur R. L. Trimpe, Madison county superintendent of schools, will present the scholarships. Greetings will be extended by Dr. J. B. Johnson, superintendent of the Alton school district.

A special presentation will be made by Mrs. Marvin Roberts, director of district 29, Illinois Congress of Parents and Teachers. The invocation and benediction will be offered by Rev. Cortley Burroughs, pastor of the First Presbyterian Church, Alton.

The scholarships will entitle students to attend one of five state universities for preparation as teachers. Sixty-four winners from the county will be honored. The local graduates are:

Miss Spengler To Attend Youth World Program

Debra Spengler, daughter of Mr. and Mrs. Murel Spengler, 2008 Adams street, is among 39 outstanding Illinois high school students to be selected as delegates to the second annual one-week Youth World Program next week at Southern Illinois University, Carbondale.

A student at Granite City high school where she will be a senior, she will be sponsored by the Granite City Business & Professions Women's Club.

Co-sponsored by the SIU division of technical and adult education and the government department, the program will give to develop leadership qualities in the youths and bring into focus the responsibilities of individual citizens toward government.

Character, academic achievement, leadership qualities and interest in world affairs are bases for selecting the delegates. Participants are expected to make reports to their high schools and sponsoring organizations.

Highlights of the week at SIU will be lectures and informal discussion sessions on local, state and federal government; work and study groups on United Nations problems; a mock U. N. General Assembly session; special speakers and recreational activities.

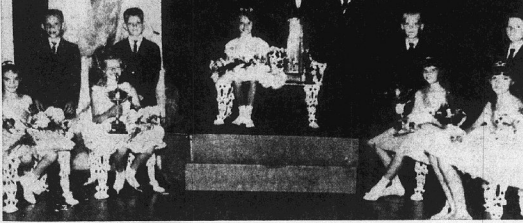

New Freshmen At SIU Prepare For Fall Term

More than 3000 freshmen who plan to enter Southern Illinois University at Carbondale in the fall are now receiving personal letters of welcome, a 24-page information booklet and a 12-point check list of procedures for new students.

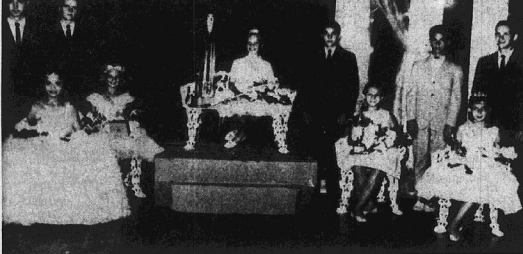

The letters are being written by 185 students who are New Student Week leaders. Each is assigned a group of freshmen to assist in the orientation program.

The booklet explains SIU traditions, policies and services to students, while the check list asks students to be sure they have made arrangements for such things as a medical examination before arriving on campus, housing in Carbondale and adequate financing for at least their first year.

The first activity for SIU's new freshmen will be a general meeting Sept. 22.

JUVENILE DIVISION WINNER Joni Dee Watson and her escort Mike Timmons (center) are shown with other juvenile division finalists and their escorts at the annual Miss Majorette of Illinois contest held here over the weekend. They are, from left, Suzanne Joosten and Dale Jones, Deborah Presley and Dale Woods, Kathy Owicki and Pat Spies, and Debra DeVild and Terry Cross.

LINDA OHMS (center), winner of the junior division of the Miss Majorette of Illinois pageant held here Friday and Saturday, is shown with her escort, David Jones, and the division's four finalists and their escorts. They are, from left, Marilyn Weckman and Don Hanna, Ramona Vaccaro and Ricky Noeth, Martha Spry and Morris Lambert, and Monica Paris and Dennis Albe.

MHS Band To Play At Fair; Concert Tonight

The Madison senior high school band will present a half-hour concert at the Illinois State Fair in Springfield next Thursday, William Ledbetter, director, announced.

The band of about 75 musicians will prepare for the pre-concert by participating in a free rehearsal at 7 p.m. today on the lawn at the Madison Memorial Center, Seventh street and Lee Avenue.

Madison Youth To Return From U. Of I. Session

Richard Bright, 17, son of Mr. and Mrs. Fred Bright, 1119 Madison avenue, Madison, will complete this week the summer 9 full-time student in the fall.

While at the university, he stayed with a brother-in-law and sister, Mr. and Mrs. Michael Hickman of Champaign. They for the first time are to report to the campus Sept. 7-8. Orientation week activities begin Sept. 10.

Named To Dean's List

Ann N. Edmonds, 2719 Benton street, has been placed on the dean's list as an honor student for the spring semester at Miami University, Oxford, Ohio. At least a B average was required.

751 To Graduate At Carbondale Campus

A record 751 students on the Southern Illinois University and Southern Illinois University campuses will be graduated in joint summer commencement exercises at 7:30 p.m. tomorrow in McAndrew stadium, Carbondale.

The group includes 150 more students than last summer. In case of rain, the exercises will be moved indoors.

Commencement speaker will be Dr. Ping-chia Kuo, SIU history professor and a former high-ranking member of the United Nations staff.

Philip D. Sang, Chicago area businessman and philanthropist, will be awarded an honorary doctor of human letters degree. A collector of historical art and literature, he has made numerous contributions to the SIU library, including more than 8000 British and American novels of the late 19th and 20th centuries and contemporary and primitive American oil paintings.

Post-Summer Session At ISNU Opens Monday

About 900 students are expected to enroll Monday for Illinois State Normal University's three-week post-summer session. Registration for the one, two and three-week courses will be from 9 to 10:30 a.m. in the university's Milner library. All classes meet for the first time at 2 p.m. that day.

Fourteen university departments will offer courses. There will be two-week workshops in such areas as reading problems, Spanish teaching in the elementary school, are welding and other fields. The eight one-week short courses will include duplicating skills, nutrition for elementary pupils and additional offerings.

CHECKERBOARD SQUARES — Highlighting Saturday night's Granite City Jaycee homecoming festivities are the Checkerboard Squares, a local square dance group which will stage two square dance exhibitions—one at 6:30 p.m. and the other at 9 p.m.—on the homecoming grounds south of Tri-Mor Bowl along Nameki road. The Checkerboards, organized and led by Mr. and Mrs. Bob Boyd, includes (front row left to right) Tom Mikes, Jackie Ross, Philip Lamm, Beverly Sparks, Gary Webb, Tiny Mafford, Jimmy Taylor, Sharline Boyd, Ricky Couch, Bruce Evans, and Alexia Cochran and (second row) Bob Harshany, Christie Shourd, David Sloan, Linda Cissler, Carol Loman, Ervin Konkel, Caroline Bertacchi, David Sloan, Linda Sharp, Marlin Wright, Evelyn McElroy, Gary Green, Suzanne Boyd, Evelyn Scheiber, Mike Speers, Dolores Ruden, Gary Wright and Judy Walton. 24 TROPHIES and the types of models which will win them are displayed by John Blum, contest director for the Sky Steeler open model airplane meet which will be held Sunday in Wilson Park. Blum holds a Class II Navy carrier

Use reason as a guide in life, and principle as a safeguard.

Annual TCSS Open Model Meet Here Sunday

The Tri-City Sky Stealers fourth annual open model airplane contests are scheduled Sunday at the corner of Fehling road and State street in Wilson Park.

Club members plan to operate five flying circles for eight classes of competition, including two divisions of Navy carrier. Registration of contestants will end at noon.

First through third place trophies will be awarded in stunt, combat, scale, proto speed, rat racing, beginners' stunt and the two carrier classes, according to contest director John Blum.

Entry fees will be \$1.50 for

model. Others on table (from left) are proto speed, combat, stunt and Class I carrier. Scale and rat racing classes also are provided in the meet, which will begin at 11 a.m.

Photo-Ronald Smith Photographer

The initial event and 50 cents for each additional event. A refreshment stand will be open on the contest grounds.

The Sky Stealers are offering two classes of carrier competition for the first time this year. One (Class I) will be for models of planes with engines of up to 30 displacement; the other (Class II) for models with engines from .41 upwards displacement.

Modelers attempt to take off and land their planes from a model aircraft carrier deck, and also pick up points on slow and high speed laps in what is probably the most popular class of modeling competition from the spectators' viewpoint.

The host club originated a formal motion to have two classes of Navy carrier included in national competition, a motion which is still pending.

Class descriptions are required to put their models through a predetermined pattern of maneuvers, while proto speed is a 14-lap race against the timer's watch with speeds well over 100 mph common.

Hearts Have Twin-Bill

I-C Clubs Add Rainouts To Sunday Schedule; Will Play Seven Games

Catch-up time catches up with the Inter-City Baseball league Sunday.

The eight league clubs will play seven games — weather permitting — which will pull them to within three of where they should have been on this date had rain not postponed some of the Sunday sunlit action earlier in the year.

Granite City Sacred Heart. In the throes of a five-game losing streak, will try to keep its flickering playoff hopes alive when it meets the All-Wood Flyers in a 1 p.m. doubleheader at Wilson Park. St. Clair will come back in the afternoon to play Carpenter in East St. Louis, while Maryville is hosting Collinsville in a game originally scheduled to be played at Fletcher Field.

A sweep — the Hearts split their only other twin-bill this summer — could get Sacred

Heart a bit closer to third place in the Red division standing, depending on the outcome of the Troy-Moose Lodge contest.

"But," says Heart Manager Paul Schorr, "we've had trouble getting the same nine ballplayers on the field two Sundays in a row — and our record shows it."

Sunday Morning Game. Action in the I-C Sunday will get off to an early start, Blue division leader St. Clair Heating and the Maryville Red Sox have scheduled their rained-out game of June 16 for 10 a.m.

which safely negotiated the first of three high hurdles last week by defeating St. Clair, will face another four-game Sunday at Pocatontas, where the Granite City Club is paired with the Braves, who are two games up but only a half-game ahead of the Mercers on the important loss side.

Mercer's catching up begins next week in a doubleheader with Red division leader Moose Club. Thus, in three weeks, the GC team will have played four games with the top two clubs in each division.

Mercer, having played 14 of its 16 scheduled games, also must get in a rained-out date with Alt-Wood somewhere along the season before Sept. 8, the close of the season. The two teams do not meet again in a regularly scheduled game.

2 ways to get ahead in outboarding

You'll be 'way ahead in outboarding when you own a 100 hp Merc 1000 or an 85 hp Merc 850. You'll be ahead in power, prestige and on the water. Mercurys are the result of 21 years of dedicated effort. This gives you quality and features only Mercury can offer.

These two Mercs are the world's most powerful outboards. Both have 90-cubic-inch powerheads... with Power Dome combustion chambers that give you quick response to the throttle, greater fuel economy, smoother idle and quiet operation.

Only Mercury has 6-cylinder, in-line outboards. Their small-bore, short-stroke design reduces engine wear and boosts the power by using the fuel more efficiently. Three fixed-jet carburetors give the correct fuel-air

GC Council Turns Down \$160,000 Special Sewer Tax Levy

A special levy of \$160,000 for maintenance of sewers failed to receive the necessary 11 votes for approval during Monday night's council session. An amount of \$180,000 was set up in the budget.

The city has been levying a similar amount for the past several years, but a study of the finances governing the Nameoki sanitary sewer project is to be undertaken to determine if 4% of the monthly collections can be set aside for maintenance and repairs.

Several aldermen were of the opinion the 4% maintenance had been waived in order to pay off the sewer project bonds more quickly.

City Atty. George Filoff Jr., who is away for Army reserve training, is to be instructed upon his return to study the sewer

project ordinances to determine if the 4% can be set aside.

\$372,000 Deficit

In submitting a resolution for the special levy, Alderman Rutledge, chairman of the Finance committee, pointed out the city has a \$372,000 deficit in the sewer maintenance funds due to the Terrace lane and 20th street sewer repair projects and in addition owes the working cash fund of \$100,000, which was borrowed because of shortage of funds to repair sewers.

Views were expressed that Nameoki area residents served by the sewers should finance repair projects for the Nameoki sanitary systems without a tax being levied on the entire city.

It was pointed out that without the special levy, other projects included in the budget may have to be canceled if funds are

needed to repair future sewer breaks.

Alderman Charles W. Moore pointed out the council had approved its budget without regard to funds available, and Alderman William McGee called attention to an estimated \$15,000 repair project at the Jill avenue manhole for the system.

Never Heard Of Fee

Rutledge said he never before had heard of the 4% allowance for maintenance.

Voting for the special levy were Aldermen Rutledge, Stein, Whitmer, Johnson, McGee, Sternberg and Thompson. Against it were Partney, Mrs. Bedine, Bartosiak, Bergfield, Boyd, Dallas and Moerlein. Absent were Nann and Basarich.

In other business early in the council session before the 50-minute recess called by Mayor Davis—the council took no action on a request by Jack D. Higgins, an accountant who audits the city's accounts, for renewal of his contract for 1963-64 at \$1025, the same as for 1962-63. His letter was dated July 17 and mentioned the amount would be higher after 30 days.

The mayor is to arrange with Higgins for an extension of time for action to be taken at the council's next regular meeting on Aug. 19.

Ford Johnson, chairman of the Fire & Water committee, requested the mayor to appoint additional aldermen to work with the committee and representatives of the fire department for a revised sick leave policy.

Several representatives of the fire department were in the audience.

'Bomb Scare' Starts Search At Coke Plant

A crank telephone call, warning of a bomb in one of the blast furnaces at Granite City Steel Company's blast furnace department on Edwardsville road, was received by plant policemen Monday.

The caller's speech was incoherent, he sounded as if he were intoxicated, according to the guard who took the call. He said that a bomb was about to go off in one of the blast furnaces. No reason was given for the threat.

Plant police and safety department officials began a search of the furnace area. The Army Depot demolition squad

was called in to search the area. After five hours of searching it was decided that no bomb was on the premises.

Relief Cases Up In GC Township

Granite City township's relief load increased during July due to a jump in hospitalization, it was reported this week at the office of Township Supervisor Nelson Hagauer.

The July statistics show 103 cases with 283 persons and costs of \$5213, compared to June totals of 87 cases, 238 persons and costs of \$3896. In July 1962 the totals were 142 cases with 437 persons and costs of \$10,304.

Relief costs for the first five months of the fiscal year amount to \$20,119, while in the same five-month period last year the total was \$51,538.

Nameoki Twp. Relief Increases One Case

General assistance in Nameoki township increased by one case during July, it was reported this week by supervisor Harry Briggs.

The July figures showed 140 individuals involved, down one from June, and cost of \$3359, up from the \$4094 costs in June. In July 1962, the relief statistics were 54 cases with 169 persons and costs of \$3726.

Relief costs for the first five months of the current fiscal year total \$21,978, compared to \$20,241 for the same period in 1962.

Counseling and welfare work are among the major services performed by the United Fund agency.

merous actual discussions held throughout the year on family problems. Counseling and welfare work are among the major services performed by the United Fund agency.

Varied Counseling, Welfare Work By Catholic Charities

Providing welfare assistance and counseling services for Quad-City area residents is the job of the Catholic Charities.

The organization is one of the many local agencies affiliated with the United Fund.

All of the agency's aid, with the exception of adoption procedures, is non-sectarian. More than 30% of its counseling assistance and 60% of its incidental aid is to non-Catholics.

Child Welfare

One of the largest and most important services provided for by Catholic Charities is child welfare. The agency is the only one in this area licensed to carry on adoption work, and has the authority to place children in private foster homes or in homes such as the Catholic Children's home in Alton or the convent of the Good Shepherd in St. Louis. Where necessary, it works

closely with local authorities in placing children in correctional institutions.

Child welfare cases handled in 1962 included 81 carried over from 1961; 38 new cases; five reopened; and 43 closed, with 79 carried over to 1963.

A further breakdown shows that 30 adoption applications were processed, 20 children were placed in adoptive homes and 34 children, whose cases were carried over into this year, are under the agency's supervision at the present time.

Example of Services

Indicative of the child welfare cases handled by Catholic Charities caseworkers in the last year is one which involved an 11-year old girl whose poor home life had caused her to become emotionally disturbed.

Mrs. Lorraine Parkinson, one of the agency's two caseworkers, received a call from the director of Children's Hospital in St. Louis. He asked if the Catholic Charities could make a foster home placement for a Quad-City child. The director explained that the child had been admitted to the hospital three times during the past year, after lapsing into paralytic comas in her home.

In each instance, after being admitted to the hospital, the child would come out of the coma and would appear to be normal. Even after thorough tests and examinations, the doctors could find nothing physically wrong with her and felt that the problem was emotional, probably caused by her home life.

Financial Factor

After discussing the matter with the hospital director, the caseworker went to the child's home to try to determine the specific cause of the problem.

Mrs. Parkinson discovered that the child came from a family of 12 children whose parents were unable to adequately care for them. The house was old and the children were poorly-clothed and ill-fed.

The caseworker talked to the child's parents and they felt that it would be better for the child's health if she were removed from the home.

Mrs. Parkinson took the case into court and Catholic Charities was given custody of the child. The judge ordered the agency to place the girl in a foster home until conditions and the child's health improved.

Family Counseling

Closely related to the child welfare program is the agency's family counseling service.

Counseling aid may include pre-marital and marital counseling, financial budget advice, referral to other counseling agencies if the case is beyond the agency's scope, and advice and assistance for unwed mothers.

More than 130 family counseling cases were handled by Catholic Charities caseworkers last year. Of this total, caseworkers carried 50 cases forward, opened 44, reopened three, closed 33 and carried 64 into 1963.

Counseling for a single family

What Catholic Charities terms incidental service is its relief work, which involves assistance until an individual or family can qualify for government aid. Incidental service may include food, clothing (donated by individuals, churches and organizations in the area), medical assistance and occasionally rent or utilities expenses.

Fifty-two cases of this nature

were carried forward to 1962 while 192 were opened, 299 re-opened, 489 closed and 54 carried into 1963. Incidental service, as indicated by the number of cases handled last year, is the largest service provided by the agency.

Staffing the local Catholic Charities office are an assistant director from the Office of Catholic Charities for the Diocese of Springfield; caseworkers, Mrs. Parkinson and Mrs. Alice Beardslee; and a secretary, Mrs. Corinne Kreher.

Directing the operation is the Rt. Rev. Msgr. William Cassin, Springfield.

More than half of the Catholic Charities' estimated \$550,000 budget for 1964—\$300,000—will be allocated by the United Fund from this year's fund drive.

State Rules 55 MPH For Pickup Trucks

Rulings on classification of pick-up trucks for highway speeds and for the state department of public works and buildings to reject bids when required samples are not submitted, were among those handed down this week at Springfield by Atty. Gen. William Clark.

He ruled that a pick-up truck is designed and used to carry freight and should be classed as a motor vehicle of the second division for purposes of speed limitations—55 miles an hour.

The ruling on bids involved a project for rehabilitation of a cell house at the Pontiac penitentiary. Ten companies requested bids but only two submitted a required sample of a full size front cell complete with locking device and control cabinet. The J. L. Simmons Co. gave the low bid but failed to furnish the required sample.

RETURN FROM SOUTH

Mr. and Mrs. Frank Snodell of Douglass, Mo., returned home during the weekend from a two-week vacation. They went sight-seeing at New Orleans, La., visited their nephew and niece at Dallas, Tex., and saw a brother and sister-in-law and their family at Carbonate, Ill.

Young girls from Mitchell, Carol and Alice Cotten; Adele Breckner, Jane Thornton, Diane Dickson and Nita Barton, were among dancers featured in a program on the steamer Admiral Sunday afternoon.

Randy Limbery of Maryville, Ill., spent the weekend with his uncle and aunt, Mr. and Mrs. George McKinnon and family, 335 Chouteau avenue. The group went to St. Louis to see a major league ball game.

Most folks who do nothing worry about what to do next.

Wabash Passenger Stop Hearing Set Sept. 4

The Illinois Commerce Commission notified the city of Granite City this week that a hearing will be held at 10 a.m. Sept. 4 in Springfield on a proposal by the Wabash Railroad Co. to eliminate passenger train stops at eight stations and change the system of stops at Granite City and Edwardsville. The train would stop only on

signals at the Granite City and Edwardsville stations. Those sought to be eliminated are at Joplin, Sadorus, Philo, Sidney, Homer, Fairmount, Catlin and Staunton.

Granite City council members went on record over a month ago opposing the changes.

THE ARABIAN, a native of the desert sands of the Middle East, will be among the 300 featured horses at the annual Granite City Rotary horse show Aug. 25. The drawing illustrates the animal's prominent gazelle-shaped head and its sleek, arched neck.

24th-Edison Accident

Autos driven by Darlene Beckett, 2532 Edison avenue, and Charles D. Glock, 55, of St. Louis, collided at 5 p.m. Monday at 24th street and Edison avenue. She was charged for driving without a driver's license and was released on \$16 cash bail pending a hearing Saturday.

Horse Show To Feature Arabian Steeds

One of the oldest and most spirited breed of horses to appear in the 1963 Rotary club show, to be held Sunday, Aug. 25, at the Tri-City Speedway near Mitchell, is the sleek steed of the desert sands—the Arabian.

Oldest of our present day breeds, the Arabian dates back to 2000 B.C. While Arabia is generally considered to be the native home of this horse, its exact origin is lost in antiquity.

Some of the early Spanish horses brought to this country carried Arabian blood, but the American importation of pure Arabians didn't take place until 1763. George Washington is known to have ridden a half-Arabian during the Revolutionary War.

The Arabian, a saddle horse with amazing endurance, has been used in the development of all American light breeds and its influence can be seen in at least one of the American draft breeds, the Percheron.

Distinguishing Characteristics

Distinguishing characteristics of the Arabian include a lean, gazelle-shaped head with prominent forehead and a dished face. The

horse's neck is long and arched and its back short in comparison to other breeds. Colorwise, the pure breed Arabian's coat varies from solid chestnut brown to black and is never spotted.

The pure Arabian, because of its relative scarcity, was not too popular with American horsemen until recent years. During the past decade, though, the spirited breed has enjoyed increasing popularity and acceptance.

Noted for good disposition and highly developed intelligence, the Arabian performs well under a variety of conditions. It is a good pleasure mount under English or Western equipment and many stallions are top parade horses.

The Arabian also makes an excellent stock or sport horse when given proper training.

ONE WORLD

Will be discussed Sunday night in a special sermon by Rev. C. M. O'Guin, Trinity Tabernacle, Madison. **ONE WORLD** has been the dream of crusaders and conquerors since the days of Caesar. Men like Napoleon of France, Hitler of Germany have tried to make it come true with force. They failed. The time has not yet come when God knows and informs men of His plan in the Bible. This fore-knowledge. He calls "prophecy." A major prophecy concerning "one world" is in the process. **ONE WORLD**, one church, one government, one army, and one dictator to operate it.

Nestlé Opens World's Most Modern Instant Coffee Plant Here

PHOTOGRAPHIC TOUR shows each step in production of instant coffee at the new Nestlé Co., Inc. plant, 21st and Adams streets, Granite City. The rebuilt and enlarged processing center was opened Tuesday.

UPPER LEFT—Bags of green coffee arrive from Latin America and Africa preparatory to being blended and cleaned.

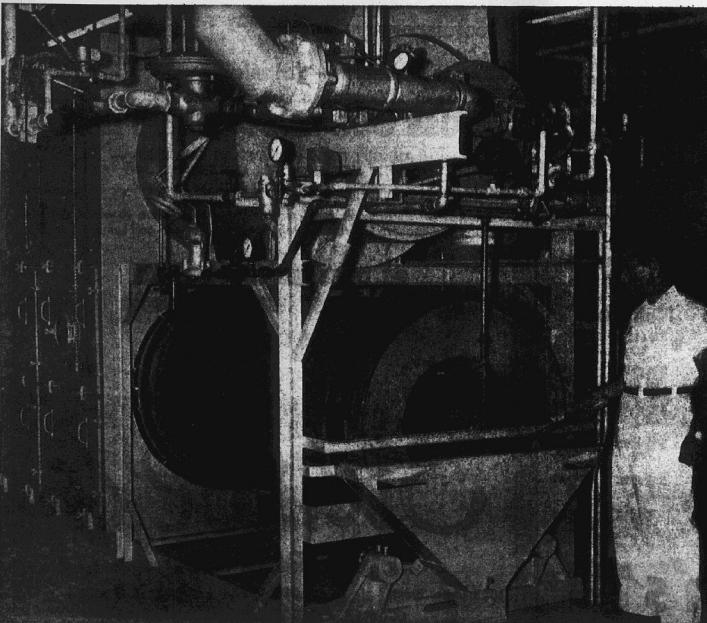

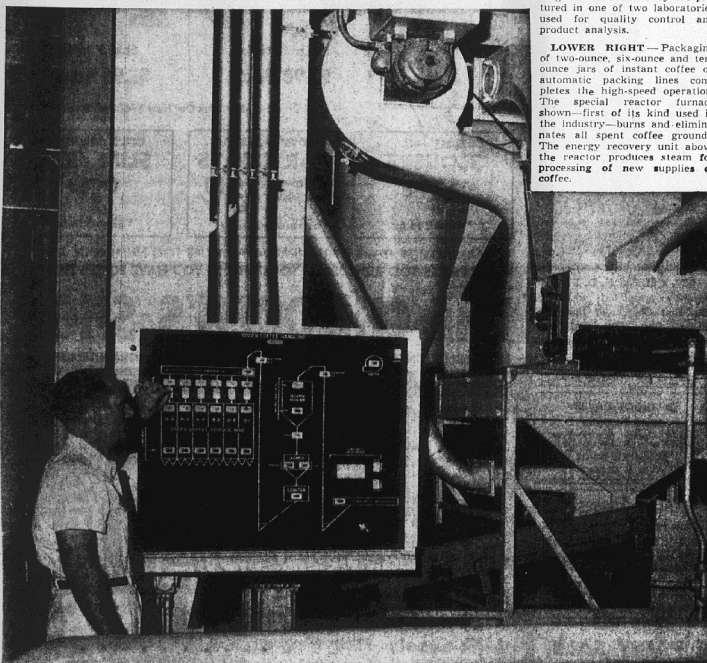

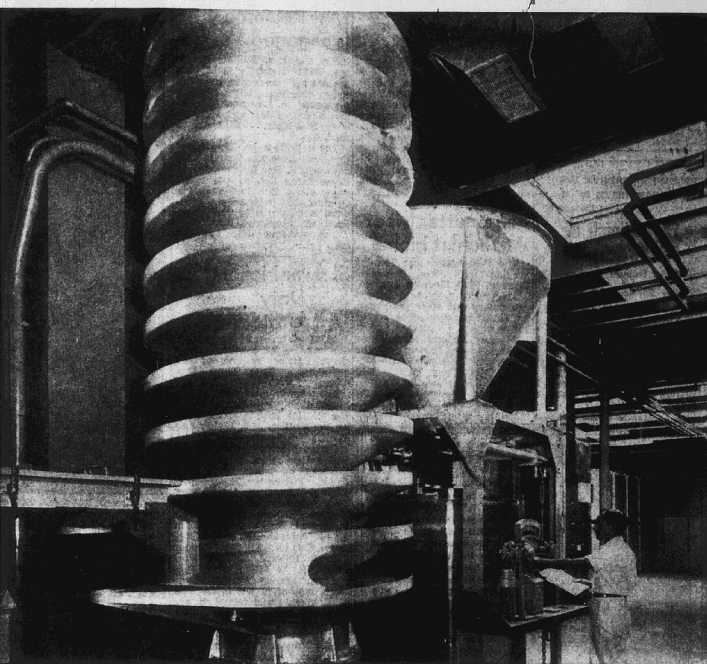

MIDDLE LEFT—Graphic control panels enable each phase of production to be carried out uniformly. The product is not touched by human hands but is checked—and tasted—repeatedly. The offices and much of the plant are both temperature—and humidity—controlled.

LOWER LEFT—Roasting of coffee at a rate of 6000 pounds an hour. One of many tests is shown being demonstrated by Charles Cook, shipping and receiving supervisor. Brewing follows, with a group of extractors preparing a million cups of coffee each four hours around the clock. All moisture is then removed in a huge drying tower.

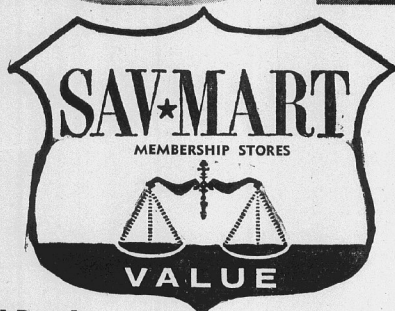

UPPER RIGHT—Spiral equipment is used for cooling of instant coffee. Continuous vibration causes the dried coffee powder to climb the stainless steel helix. It is then placed in large sealed tote bins. Cook again poses as the operator to illustrate the size of the machine.

MIDDLE RIGHT—Taste test being conducted by (left to right) James Mathis, James Hughes and Cook. They are pictured in one of two laboratories used for quality control and product analysis.

LOWER RIGHT—Packaging of two-ounce, six-ounce and ten-ounce jars of instant coffee on automatic packing lines completes the high-speed operation. The special reactor furnace shown—first of its kind used in the industry—burns and eliminates all spent coffee grounds. The energy recovery unit above the reactor produces steam for processing of new supplies of coffee.

Farm Column

By IRUMAN W. MAY
Madison County Farm Adviser

Many homeowners may enjoy working in a fall garden, as well as having the added fresh vegetables it provides late in the season, says University of Illinois vegetable crops specialist J. S. Yammarok.

Some vegetables—turnips and Chinese cabbage—are adapted to cool fall weather.

But such favorites as bibb lettuce, radishes, spinach, summer squash, cucumbers and green beans often yield higher quality produce in fall gardens than in the spring, Vandemark points out. They develop more slowly under fall conditions, producing tender vegetables with a high vitamin content.

Many of the problems that spring gardeners face—low fertility, weeds, insects, diseases and many others—also occur in the fall. But since the soil was worked in the spring, the gardener can now give it a boost by raking in about one pound of 10-10-10 or similar analysis fertilizer per 100 square feet. That is about enough to fill one small coffee can.

About 80% to 90% of this soil's weed crop has already germinated. So, if weeds are killed when they are small, the fall garden usually stays weed-free the rest of the season.

Sprinkling may be necessary if the soil is dry. Dusting or spraying for insects and diseases is essential.

'Named To Committee'
Edwin R. Lamb, superintendent of the cattle division of the Producers Livestock Marketing Association at National Stock

Yards, head of the association's field service and a resident of Edwardsville, has been appointed by the University of Illinois trustees to the advisory committee on agricultural economics for the College of Agriculture.

He has a wide acquaintance among Madison county livestock farmers.

Entries Of High Quality
One of the features of the annual county 4-H Club Show last week was the excellent quality of the dairy cattle.

Jerry Cash, University of Illinois dairyman who judged the dairy show, said the class of 28 Holstein heifer calves was one of the best he had ever seen. All of them had been very well cared for and prepared for exhibition, he said, with not one showing any evidence of neglect. They all received blue and red ribbons, following the Danish system of judging.

The general quality of all exhibits at the show was very creditable, resulting from the careful attention and good work of the 4-H club members and their local leaders.

Two special trophies awarded at the County Fair were given to the exhibitor of the champion dairy calf, Lois Keilbach of the Good Producers 4-H club, and to Donald Hediger of the Silver Creek 4-H club for the best all-around exhibit. He won awards for dairy cattle and hogs.

One of the most disheartening experiences of a 4-H club member is having to keep an animal at home that he had planned to bring to the show. There are a variety of reasons for such misfortune, of course, but last week we heard a new one. One boy could not bring his calf because

a deer had got in with the cattle and spooked them so badly the calf was too nervous to exhibit.

Monon Wheat Tested

A letter from Pat Johnson, who is in charge of the Illinois Experiment Fields in the southern part of the state, says that Monon wheat produced very well in their tests this year.

Monon was the highest-yielding variety in our county test plot and made unusually high records on many farms. The highest-yielding variety at the Brownstown field in Fayette county was the older Knox wheat, which made 61.1 bushels per acre. Monon was second with 50.1 and Vermilion third at 58.9.

Eight soft varieties at Brownstown averaged 54 bu. and the six hard wheats in the test made 40 bu. per acre. Highest hard wheat was Triumph, 44.4 bu., followed by Pawnee and Ottawa.

Leading Herds

The ten highest milk-producing herds in the Madison County Dairy Herd Improvement Association for the last month of testing were owned by Normann (Henke, C. C. Becker and Son, Waldo Keilbach, J. W. Rudy, Martin and Willard Blase, Rudy Kuttin, Walter Sievers, Wilbur Federer, Harold and Carl Baumann and Leland Stelzer.

Plans to milk more cows? Recommendations for designing an efficient layout are given in "Dairy Equipment, Plans and Housing Needs," published by Midwest Plan Service. This new 72-page book illustrates arrangements, shows the required amount of space and discusses the merits of various systems. You may obtain a copy by sending \$1 (sales tax included) to the farm adviser's office.

Kasberg Elected

Members of the Madison County Agricultural Extension Council have met for the first meeting of their new fiscal year. Officers were re-elected: Harold Balsters, Bethalto, chairman; Glenn Schumacher, Alhambra, vice-chairman; and Howard Kasberg, Granite City, secretary.

Madison Police Catch 3 Overnight Joyriders

Three Granite City youths who are believed to have been overnight joyriders were caught by Madison police at 2 a.m. Tuesday as they were sitting on a corner at Elizabeth street and Washington avenue.

They were sitting on license plates issued to Willie Boyd, 1030 Market street, Venice, when Police Chief Stanley Wojcik, who was on patrol, spotted them. The boys, all 16 years old, were turned over to Granite City police for investigation.

Authorities said joyriders have been taking cars, driving them at night, replacing the gasoline used and returning them to where they had been parked. A change of license plates would hinder a search in case a car should be reported stolen.

Report on Crops

The general conditions of corn in Madison county are good, according to the Illinois Cooperative Crop Report Service. Corn averages about a foot taller than usual at this date, with development about a week ahead of average. Most fields need more rain for maximum yields as corn is in need of moisture at its present stage.

Soybeans also are a week ahead of average and most fields look good, although some are very weedy. Pre-emergence herbicides have given good results

STEELWORKERS SUMMER SCHOOL participants July 21-26 included August Socadet (left), 2592 Boyle avenue, and George P. Widel, 2736 Willow avenue, members of Local 30, United Steelworkers of America, Granite City Steel Co. They were among 97 steelworkers attending the one-week session at the University of Illinois, Champaign. Both were registered as fourth-year students in the school.

JOURNALISM WORKSHOP participants at Highlands University in New Mexico this summer included (left to right) Harry N. Lancaster, director of the new workshop; Jim W. Pinkerton, president of the journalism section of the New Mexico Education Association; and Donald Rucklidge of Granite City.

Two Cars Collide At Coke Plant Lot

Two autos being driven out of the parking lot of the blast furnace division of Granite City Steel Co. collided at 4:30 p.m. Tuesday as they reached Edwardsville road.

They were driven by James J. Schwahn, 43, of East St. Louis, who was heading east, and Donald E. Leutner, 23, of Alton, who was heading west after driving from behind a sign board, police said. The left front fender and door of the Schwahn car and the left and right fenders and hood of the Leutner car were damaged.

The city of St. Augustine was founded by Spaniards in August 1565.

20th-Madison Accident

The front of an auto driven by Otto G. Knobloch, 55, of 2519 East 23rd street, and the right side and front of a car driven by Rufus Correux, 60, of 2002 East 20th street, were damaged in an accident at 6:40 a.m. Wednesday at 20th street and Madison avenue.

State Fair To Feature New Attractions

Special from Springfield

If increased displays, events and various competitions are any measure of interest in the Illinois State Fair, the 1963 event should attract more than the 856,002 people who came to the 1962 fair. That's the opinion of Franklin Rust, Bloomington, the banker-farmer who is general manager of the fair. "We have attractions twice as good as we had a year ago," he said, "and you remember last year we liked the attendance 37,964, over the 717,088 people who were at the 1961 fair."

The fair begins Friday, Aug. 8, and continues through Aug. 18.

Junior Parachute Jump — However, for one thing, the general manager points to the emphasis on youth attractions this year. "One of those which I think will be a big play for children is the Junior Parachute Jump," and by the way, there will be no charge for this. It's free.

The jump is actually not just that. It's a 25-foot high platform which has horizontal lines extending 150 feet in a gradual downward slope.

Two youngsters at a time will ride the device and experience the free-fall feeling of a parachute jump. The entire rig is supervised by 14 para-operators of the U. S. Fifth Army from Fort Campbell, Tenn. "The whole op-

eration is completely and absolutely safe," Rust says.

On opening day, Aug. 9, Illinois' only all-girl drum and bugle corps will perform. They are the "Gambettes" of Belleville, and they will not only be in the "Grand Parade" but will perform again at 1 p.m. in front of the Junior Livestock Building under Gov. Otto Kerner's formal dedication.

Another brand-new attraction this year is Gaslight Square. A display of old-fashioned buggies and carriages will be shown and old-fashioned western barbecues will be offered. The younger set will be able to dance to a lively western dance band, but the dancing is certainly not restricted to age groups. "Here you will be as young as you feel and have as good a time accordingly," Rust says.

Typical Russian Home

Young or old, you don't have to be an economist to figure out another attraction. This one will feature a typical Russian single family dwelling.

It's a 16 feet by 24 feet wooden frame house, plans for which originally appeared in a 1959 issue of the Soviet Union journal, "Znashchye Stroitel' "Stvo," which is published in Moscow. There are three rooms, one of which is the bathroom. It has a water closet, a tub and one cold water tap. The kitchen has a sink and a coal or wood-burning stove, the only heat in the house, and the third room is a combination living and bedroom. The entire structure has only one door and two windows. A door will be added here to facilitate visiting groups.

Cost, incidentally, at the official Soviet rate of exchange of \$1.11 to a ruble, is \$22,000. At the free-market rate of exchange of 80 cents to a ruble, it would cost \$84,000.

In this country, the same structure could be sold for \$130,000, exclusive of the land which is ex-

cluded in the Soviet cost estimates too.

Parachute Jumping Team — This year, too, the U. S. Army's No. One parachute team of sky-divers, the Golden Knights, will jump from a 2½-mile altitude. Spectators can watch their loops and cross-overs by the smoke grenades which each of the 16 men jumping teams carry. Special bleachers have been set up for spectators who want to watch the parachuting Army team.

Other new events will include the appearance of a miniature circus, a complete three-ring circus, scaled one inch to the foot. The exhibit will be presented by Mr. and Mrs. Louis Kreschmer of Belleville. It is valued at \$25,000 and occupies 960 square feet.

Still another is the giant cow, owned by Tom Reinborn of Bradenton, Fla., which is 12 feet long, weighs 1½ tons, stands as high as the shoulders and raises its head to a height of almost eight feet. Its girth is 11 feet. Rust says the animal is not a freak. It is a cross between a Holstein and Shorthorn.

Perhaps one of the most dramatic "firsts" for the fair this year will be the U. S. Army's presentation of a Buck Rogers type flying corset. This device enables a man to strap rockets on his back, rise 60 feet in the air, level off for a flight of 800 feet and land precisely where he chooses. The Army describes this device as a new dimension in mobility for the foot soldier, capable of getting him over rivers, ravines, barbed wire and mine fields. The rocketeer will perform four times daily on the days of Aug. 14 and 15.

Farm-A-Rama Display

The largest display of farm machinery in the United States will be shown in a mile-long exhibit this year, Rust said.

This exhibit, called the Farm-

STATE FAIR VISITORS will be able to see exercise demonstrations by Debbie Drake, television personality who once visited the Quad-Cities. She will make special appearances at the grandstand and coliseum and also will lecture in the Illinois building throughout the state fair which opens tomorrow and will continue through Aug. 18.

A-Rama, is almost a third bigger than it was last year to accommodate requests of agricultural machinery manufacturers. Last year, almost a half-million people alone visited this exhibit. There will be live entertainment in the Farm-A-Rama building all during the exhibit.

As usual, there will be the auto and motorcycle races, harness races, Grand Ole Opry, square dancing exhibitions, and livestock competitions and other events.

Holiday on Ice International, the well-known ice show, will be offered Aug. 12 through 16, and on Aug. 17, Andy Griffith, the

Patient Test Program Progressing At Alton

Fifteen patients at Alton State Hospital have been tested to date under a mental health research program being conducted cooperatively by the hospital and the University of Illinois. The project, under the direction of Dr. Raymond B. Cattell, professor, calls for testing of more than 200 psychotic patients. Psychologists at the hospital began giving the examinations June 3.

"Goal of the program is to establish more effective methods of differentiating various forms of mental illness," said Glen Gerber, psychologist in charge of the sequences. However, some of the tests call for the use of mechanical devices.

He said testing of each patient requires between 8 and 10 hours but it is spread over a period of several days. Grading the examinations takes about three days.

Boy, 13 Months Old, Swallows Cleaner

Jeffrey Murphy, 13-month-old son of Mr. and Mrs. T. A. Murphy, 2817 Washington avenue, had his stomach lavaged at St. Elizabeth Hospital Monday at 10:45 a.m. after he apparently swallowed a quantity of drain cleaner at his home.

According to the boy's mother, he had opened the door to a cabinet below the kitchen sink and obtained an almost-empty can of the cleaner. He spilled the

contents on the floor, spread the liquid around with his fingers, and then stuck the fingers in his mouth.

The boy's tongue and mouth were slightly swollen and red when he arrived at the hospital. After the stomach lavage, he was released.

Eagle Park Group To Meet

The Eagle Park Improvement Association will meet with Eagle Park residents Saturday at 7:00 p.m. in the Church of God, 104 Hill street. The purpose of the meeting is to discuss the results of the recent Eagle Park water system construction fund drive.
